

Orindans Hear Disaster Relief Plan

ORINDA SUN

VOL. VIII, NO. 25

LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, SEPTEMBER 1, 1950

TEN CENTS

SOUTH PACIFIC, appropriately enough, was the theme of the setting at Orinda Country Club last Saturday night, when an outdoor gathering was held there as a grand finale to the benefit performance in San Francisco of "South Pacific" that afternoon for the aid of Children's Hospital of the East Bay. These scenes at the Country

Orindans Go 'South Pacific' at Gay Country Club Fete

Club affair show that guests really enjoyed themselves. Picture at left shows Mr. and Mrs. E. C. Bergen in South Sea Island garb. Those seated at the table are (left to right) Mr. and Mrs. Robert C. Wamser and Mr. and Mrs. Walter L. Eggert.

Residents Express Desire to Act; County Awaits Instructions from State

Eagerness to participate fully in the county's disaster relief program marked Monday night's joint meeting of the Orinda Association's Board of Directors and Civic Affairs Committee.

Throughout lengthy discussion with Sheriff James N. Long and Deputy Sheriff George K. Burton, sheriff's communications division chief, this desire was the dominant note in the questions and comments of the Orindans.

But the net result was that Long and Burton explained that the County Disaster Council setup is in the process of being organized, that very little specific information has yet come in from federal and state sources, that the sheriff's office is in over-all charge of disaster relief activities in the unincorporated areas and that groups like the Orinda Association can best serve in an advisory capacity and in educating the general public.

(See adjoining story for sheriff's program.)

WHAT CAN WE DO?

"You indicate that the state as yet has not forwarded its program to the counties," Marvin Bonds, association president, said. When it does, is there anything Orinda can do?

"You're aware that Orinda is a little more concentrated than many other areas, with a population of around 5,000. We expect to work within the county and state setup, of course. Is there any use to which you can put existing organizations here?"

EDUCATION

"Unquestionably," Sheriff Long answered. "There'll be police reserves, fire department auxiliaries and education of the people."

"That's where your group and kindred groups come into the picture—educating the public, in such matters as keeping away from disaster scenes and not blocking the highways in event of a disaster. We propose to ask the state to set up an educational program."

"All this applies not only to war, but to any major disaster."

AT SHERIFF'S REQUEST

The session, at the Orinda Grammar School, was held at request of the sheriff's office. (A similar meeting in Lafayette Tuesday night was attended by about 150 persons.)

When Bonds suggested that the association could call a community meeting on the general subject of disaster activities, the sheriff remarked, "We would appreciate that very much." But he left no doubt that in general organizational procedure and selection of police reserves personnel his office would be in charge.

SELECTION OF RESERVES

"In the event of a disaster or threat of disaster, those police reserves will be very important," Bob Clough stated. "How are they to be selected and what will our relationship be to them?"

"We'll select them," replied Long. "Will there be any call for volunteers?" Bonds asked.

"There probably will have to be," the sheriff said. He added that his office will pick the reserves, considering recommendations by the inspector in the district.

MANY INVOLVED

"There are going to be lots of people involved, including Red Cross and medical—many more than in police and fire activities only," Bonds observed. "and I think that's where a local committee fits in, so activities can dovetail properly."

"We'd have no objection to the Red Cross or the medical or whichever group is in charge setting up schools for first aid," Long replied. He pointed out that there are 189 practicing physicians in the county, and that their activities

(Continued on Page 7)

Sheriff Explains Organization of Disaster Program

In organizing the Contra Costa County Disaster Council, "we're primarily interested in five things," Sheriff James N. Long told the community this week.

These five phases were listed by Long as:

Law enforcement agencies, fire departments, public utilities, medical service and Red Cross.

"The public utilities are units within themselves. All we want them to do is to tell us who's who, what the chain of command is and how to get in touch with the responsible persons in case of emergency," the sheriff said.

IT'S THEIR JOB

"The same is generally true for the Red Cross and the medical."

"From there on out, it's their job."

Fire department auxiliaries would be formed by the county's local fire departments, which the sheriff described as "equal to any in the state of California."

POLICE RESERVES

Although the sheriff is in over-all charge of the county disaster council for the unincorporated areas of the county, Long's main emphasis was on the recruiting of police reserves. Selection of individuals who would be made special deputy sheriffs would be by the sheriff's office, upon recommendation of the inspector in the given district, he explained.

"We intend to recruit these police reserves from all over the county," he said.

COMMUNICATIONS

The field of communications was also stressed. George K. Burton, sheriff's communications division chief, who was with Long at the meeting, stated that an elaborate system is in effect, assuring adequate contact with the 300,000 people of the county.

"We are recruiting amateur radio operators, and are working through their organizations," Burton said. "In event we should suffer loss in our communications system, these amateur radio operators can assist us in setting up a new system or portion of one. We ask amateur operators to get in touch with us."

NO CIVILIAN DEFENSE

As to civilian defense, Sheriff Long flatly declared: "Nowhere in the books in California is there civilian defense. There is no civilian defense setup yet in California." He added that the Federal government will send its civilian defense program to the states.

"I understand that's been postponed to about September 21," he said. "The program, in turn, will be sent on to the counties, and we

(Continued on Page 7)

Fire Bond Issue of \$75,000 or More Needed, Orindans Told at Gathering

Tentative plans for the proposed fire district bond issue election were discussed at a special meeting at Orinda Fire House last night.

Called by the fire commissioners, the meeting, held as this issue of the SUN was going to press, was for the purpose of explaining to representatives of community organizations the need and extent of the proposed bond issue, and getting their reaction.

3 POSSIBLE COURSES

Those at the gathering heard the following possible courses of action presented:

(1) Concentration entirely on establishment of a second fire house at Orchard Road and Moraga Highway and obtaining equipment for this new fire house; this would necessitate a bond issue estimated at around \$75,000 to \$80,000.

(2) Proceeding with plans for the second fire house and purchasing of property in the general area of Sleepy Hollow for a third fire house; this would mean a slightly higher bond issue.

(3) Construction of two new fire houses—one at Orchard Road and Moraga Highway, for which preliminary plans have been drawn, and the other at a Sleepy Hollow site to be acquired; obtaining of equipment for both these new stations. Such a program would mean a bond issue of about \$130,000.

AFTER NOVEMBER

It was explained that apparently the time is too short for a special bond issue election before the general election in November, but that it is desired to hold the bond election as soon after the November election as possible.

Warren Harrold, fire board president, was scheduled to be chairman of the meeting. Clarence Betz, the board's tax consultant, and Zach Montgomery of the Orinda Taxpayers' Association were to explain how the district tax structure would be affected.

INSURANCE RATES

Paul Myer, legal adviser to the

board, was scheduled to explain the mechanics of the bond election. Fire Chief H. E. Wyatt and Commissioners Gilbert Earle, Capt. Harry Oakley and Bert Dawson were expected to outline the program in a general way, showing that additional facilities and equipment would benefit the entire area and would reduce fire insurance rates.

It was pointed out that if only one new fire house is erected, a rate reduction of 9 per cent can be anticipated, while if the entire program of two new fire houses is realized a rate reduction of about 19 per cent can be expected.

Invited to last night's meeting were representatives of the various improvement groups, the Orinda Association and its Civic Affairs Committee and the Orinda Chamber of Commerce.

Lt. Col. Wright Named Instructor

Appointment of Lt. Col. Travis G. Wright of 258 Glorietta Boulevard to succeed Colonel H. L. Ostler as unit instructor of the Sixth Army Mobilization Group has been announced by Reserve Corps Headquarters at the Presidio of San Francisco.

Col. Wright will direct the training of the 350 staff specialists in the mobilization group, an Organized Reserve Corps unit which would augment Sixth Army Headquarters in event of mobilization. The group is commanded by Col. James E. Frank.

Five Days—Presto!—And Slots Vanish

Five days are a short time from a scientific-historical perspective, but they're long enough for slot machines to vanish from a scene.

This well-known fact was re-emphasized this week when Sheriff James N. Long stated that on August 14 "no slot machines were found at the Richmond Golf Club."

JONES' LETTER

That was five days after Channing E. Jones, Jr., of Lafayette had written the sheriff (August 9) that he "was very much chagrined today to note that the Richmond Country Club has decided to break the law and place slot machines in their establishment once again."

Long said yesterday that Jones' letter, postmarked August 10 in

Report Made on Storehouse at Black's Market

Several observing Orindans called the Orinda Chamber of Commerce on Wednesday to register complaints about a temporary structure going up beside Black's Market in the Dykes Building, according to Chamber President William Worden.

The Chamber of Commerce made a thorough investigation and reports as follows for the benefit of others who have made the same observation, Worden said.

Radonich and von Guenther Construction Company, on behalf of Frank Black of the market, is building temporary housing for crates and bottles which are now stored behind the Dykes Building.

Black informed the chamber the area at the rear of the building is being cleared out for erection of a fine addition which will quarter a new frozen food locker service for Orindans.

Rather than store unsightly material in the open, Black had the temporary structure made as a thoughtful gesture in assisting in the orderly progress of Orinda growth, Worden reports.

Davison Visits Orinda Rotary

Arch B. Davison, governor of Rotary District 157, made his official visit to Orinda Rotary at their Wednesday session. Aims and purposes of the service clubs forming Rotary International were discussed, as well as policies of the organization.

Davison is a member of the Colusa Rotary Club.

Unfinished Units To Be Discussed By School Board

Reason for delay in construction of additions to the Orinda and Glorietta Grammar Schools will be discussed at next Tuesday night's meeting of the Orinda School Board, according to Superintendent Joseph L. Sheaff.

Sheaff said the board will meet with the contractor, David Zuckerman of Walnut Creek, in an effort to learn why the six new classrooms at Glorietta School and the three new classrooms at Orinda School will not be completed by the opening of the fall term September 11.

The board meeting, to start at 8 p.m., will be at the Orinda School. It is expected that the new units will be ready two or three weeks after school opens, the superintendent said.

Because the additions are not finished, it will be necessary to have double sessions in both schools in the first three grades at the start of the term. Both schools will also have morning and afternoon kindergarten classes.

Pay Raise Issue

Wasn't on Agenda

The conflict that has been simmering within the Board of the Central Contra Costa Sanitary District did not flare into the open at the meeting last week.

The issue is the proposed pay increase from \$9,000 to \$10,800 per year for District Engineer-Manager John Mason.

Two members of the board, Elliott Johnson and H. M. Smitten, are opposed to it; while R. W. Wadsworth and Harold Toland reportedly are backing the raise. Neill Cornwall is as yet undecided.

The question was broached several weeks ago and an executive session (closed meeting) was to be held. But opposing members stated they would not discuss it behind closed doors.

Observers understood that the subject was on the agenda for last week's regular meeting. It was not.

It now looks as if it will be shelved—until at least after the board election September 18. (See story page 3.)

Next Week—Runs Of School Buses

Orinda School District's new bus schedule and the Acalanes High School District bus schedule will appear in next week's SUN.

Watch for these important articles. They contain information wanted by all students and their parents.

Combined Scout Finance Group Sets Campaign

The first of a scheduled series of weekly meetings of the combined Boy Scout-Girl Scout finance campaign community chairmen was held August 22 in the Girl Scout office in Lafayette.

The meeting was under the direction of Peter Howard, general chairman of the campaign. It was held to acquaint the community campaign leaders with the methods and pattern of the drive.

It was announced a pledge card system would be used this year enabling citizens to spread their contributions over a period of a year, making monthly or quarterly payments on their pledges. The reminders will be sent out through the Boy Scout Council and the Girl Scout Council offices.

TALKS PLANNED

Fifteen civic organizations and improvement clubs in the Diablo area have agreed to give time on their programs to a brief talk on the activities of the Boy Scout and Girl Scout Councils which administer the Scout program in this area.

The combined drive will take place in the communities of the Diablo area not served by a Community Chest. They are: Alamo, Canyon, Danville, Lafayette, Moraga, Orinda, Walnut Creek. Pleasant Hill and Ygnacio Valley citizens will contribute to these constructive youth movements through the Concord Community Chest.

SET FOR OCTOBER

The general campaign is scheduled to commence the first of October.

With Howard, those present at the meeting and those present at the communities they represent were: Ed Barnett, Walnut Creek; LeRoy Hough, Danville; Mrs. John L. Gomperts, Orinda; Georgia E. Maki, Lafayette; and Gordon Hawkins of the Boy Scout professional staff who is serving as Howard's full time assistant in the drive.

Over 3200 boys, girls and leaders are active in the Scout program in the Diablo area.

Freedom Crusade Opens Sept. 4th

The Crusade for Freedom, an educational war on communism, is to be officially launched September 4 with a nationwide broadcast by General Dwight D. Eisenhower.

Under the Pacific Coast leadership of L. M. Giannini, San Francisco banker, the Crusade will continue for approximately six weeks. Special observances will be held in every county in California, and in most of the cities and towns.

During the Crusade every loyal American will have an opportunity to sign a scroll which later will be placed in a Freedom Shrine in western Berlin. On the Shrine will be mounted a huge Freedom Bell, now being completed in England near the birthplace of our Liberty Bell.

The Freedom Bell itself is to be brought to California during the month of September, and will be taken to as many cities and towns as possible before it is taken to Europe for dedication.

Mrs. Souza Gives \$500 to U. of C.

In gratitude for medical care she received there, Mrs. Mary Nunes Souza of Lafayette has given \$500 to Cowell Memorial Hospital on the Berkeley campus of the University of California. The gift was accepted last week by the university's Board of Regents.

Mrs. Souza, who entered the university with her son Roger in 1944, received her A.B. degree in 1949. Shortly before her graduation she donated another \$500 to the university.

LOSS OF OIL

If an automobile engine that is equipped with a combination fuel and vacuum pump starts using an excessive amount of oil, the trouble may be a leaking gasket or a cracked diaphragm in this combination unit.

Boy Scout 'Roundup' Camporee Planned

A Diablo District Boy Scout "Roundup" Camporee will be held September 9-10. It was announced today by C. R. Graff, chairman of the Diablo District Boy Scouts Camping and Activities Committee.

Boy Scouts and their non-Scout friends, 11 years of age or older, will gather at Curry Creek Park in back of Mt. Diablo Saturday morning, September 9, between 10 and 12 o'clock. All camping and cooking will be done on a troop basis. With the main emphasis of

the day being placed upon fun and fellowship, swimming and games will be among the general activities.

The public is invited to a gigantic camp fire which will be staged Saturday night at 8 p.m. under the direction of Commissioner Ian McLaughlin.

Church services will be conducted on Sunday morning.

TRANSAMERICA EARNINGS

Transamerica Corporation reports its earnings gained more than a million dollars in the first six months of this year over the like period last year. Consolidated net profits of the corporation and its subsidiaries rose to around \$9,600,000, or 97 cents a share, from \$8,450,000, or 85 cents a share earned in the first half of 1949.

Award Film By Orindan To Be Shown

The film, "Diminished Iris," by Josephine Booth of Orinda, which won the Bender award for 1950, will be a feature of the preview on September 21 at the "Art in Cinema" show at the Walnut Festival.

"The addition of experimental movies to the art show is another great step forward in bringing the best art to the 1950 Walnut Festival," said Director Guernsey Ford in announcing the showing. "Furthermore, the addition of a sunken garden with dramatic treatment by our landscape architect, Floyd Cowan, is also a novel addition to the art show."

Arrangements for this attraction have been negotiated through Frank Stauffacher, head of "Art in Cinema" program of the San Francisco Museum of Art.

The programs will be presented in a special amphitheater constructed in a sunken garden between the banks of the creek of the park. These films will be shown at evening sessions only and will consist of short programs showing the best experimental film extant today.

Tony DeLap New State GOP Head

New chairman of the Republican State Central Committee is T. H. DeLap of El Cerrito, former state senator from Contra Costa County. He and the other new officers were elected by acclamation at the new committee's organization meeting in Sacramento recently.

Born in Klamath Falls, Oregon, in 1885, Tony DeLap has made California his home all of his adult life. He was in military service in France during World War I. He was a member of the Legislature for 14 years—two years as an assemblyman and, for three successive terms (from 1936 to 1948, when he voluntarily retired), state senator from Contra Costa County.

Other new officers of the state GOP committee are: Vice-chairman, Laughlin E. Waters, Los Angeles; women's vice-chairmen—northern, Mrs. Patricia Connich, San Francisco; central, Mrs. Florence M. Doe, Visalia; southern, Mrs. Edith A. Lehman, Los Angeles; secretary, Lloyd Harnish, Fresno; assistant secretary, Mrs. Helena Sifford, Ventura; treasurer, A. Ronald Button, Hollywood; assistant treasurer, Arthur J. Dolan, San Francisco.

Girl Scout Camp Preparations Told

News from Sierra Woodland, Diablo Valley Area Girl Scout summer camps, shows that opening of a new and primitive camp requires ingenuity of staff and girls alike.

Marion Conklin, Sierra Woodland director, writes, "Before camp opened, staff members learned how to saw, hammer, nail, carry equipment, mix cement, spray benches, paint tables, assemble equipment, install showers, etc. . . they are all excellent carpenters and pipe fitters now, as well as being college students who are working as camp counselors for the summer."

"The houses that the camp committee bought from Belden have been arriving while the girls are here, and they are fascinated with the activity of moving buildings."

Five Candidates in Race for Election To 2 Posts on Sanitary District Board

Five candidates, including the two incumbents, are vying for election to two posts on the District Board of the Central Contra Costa Sanitary District.

At the close of the filing period for candidates Tuesday, the lineup in the contest for the September 18 election for the two four-year-term positions was:

Elliott Johnson of Lafayette, incumbent; Neil C. Cornwall of Lafayette, incumbent; Allison Miller of Lafayette, John O. Matthias of Walnut Creek and W. M. Malott of Pleasant Hill.

TERMS EXPIRING

Terms of Johnson and Cornwall are expiring.

The election notice issued by the board also specifies election of an assessor for a two-year term, but no one filed for that post. The county assessment roll is used by the sanitary district.

POLLING PLACES

Six polling places for the September 18 election to be open from 7 a.m. to 7 p.m., will be located in as many consolidated voting precincts. These consolidated precincts, locations of the polling places and the election officers are as follows:

No. 1—New fire station, Oak Park Boulevard, Concord; inspector, Lucinda Rissotto; judges, Evelyn M. Lindsay and Laura B. Piper.

No. 2—Office building, Central Contra Costa Sanitary District, 1822 Mt. Diablo Boulevard, Walnut Creek; inspector, Lucille H. Adams; judges, Ruth N. Stow and Margaret I. Cockerton.

No. 3—Clark Anderson real estate office, 2051 Mt. Diablo Boulevard, Walnut Creek; inspector, Evelyn Silva; judges, Evelyn Williams and Anna M. Loesch.

LAFAYETTE, ORINDA
No. 4—Lafayette Legion Hall, Lafayette; inspector, Ernest F. Ford; judges, Aretta Hughes and Elizabeth Jennings.

No. 5—Harrold's real estate office, 109 Orinda Highway, Orinda;

inspector, Arline I. Harrold; judges, Ruth F. Carriger and Edith F. Breed.

No. 6—Moraga Grammar School, Moraga; inspector, Michael Larch; judges, Thomas P. Carroll and Amy E. Souza.

Local Man Heads Finance Group of County Group

With its new slate of officials assuming the reins and new committee chairmen, including one from this area, appointed, the Contra Costa County Development Association is embarked upon a new year of activities under the presidency of William O. Barnes of Martinez.

Barnes formally assumed the chair at a meeting of more than 20 directors of the association at a meeting at Martinez headquarters and announced appointment of committee chairmen for the year. They are:

Fred Anthon, Concord, aviation; C. M. Stitt, Antioch, education; John V. Manners, Lafayette, finance; Joseph L. Judson, Pittsburg, highways; Justice A. F. Bray, history and landmarks; W. B. Kelley, Pittsburg, industrial; Leigh H. Smith, Richmond, membership; Agnes N. Groom, Concord, publicity; H. B. Perry, Jr., Antioch, recreation; Elwood O. Mitchell, Martinez, state fair; H. B. Hemmen, Oleum, water.

Of immediate concern to the directors were reports submitted by Association Manager Iona M. Booth and Frank Bell on the county's state fair exhibit.

BAD RISK

Don't try to make up a little lost time on your vacation trip by fast driving. Loss of time never justifies the risk of loss of life.

Registration at Acalanes Set for Sept. 5th, 6th

Next Tuesday and Wednesday, September 5 and 6, from 9 to 4:30, and the morning of Friday, September 8, have been set aside for registration of pupils new to the district at Acalanes High School. Registrations will be taken and programs made out by the counselors during these hours in Room 9 at the high school.

According to District Superintendent Neil M. Parsons, it is expected that 1050 to 1100 students will be enrolled for this school year. Last year 950 were signed up for the beginning of classes.

Acalanes students will find several new faces on the faculty on their return to school. Miss Shirley Frazier, recently of Santa Rosa High School, will teach home economics. Mrs. Muriel Gray, from Richmond, will teach Spanish. Arthur Dambacher, who substituted at Acalanes last year, will be a regular member of the staff, teaching social studies and history. George Houghton, who will teach science, comes to Acalanes from the University of California, having taught at Kelseyville High School. Mrs. Catherine Nitzche, from Strathmore High School, will assist in the English Department. James Wilhelm, from Vallejo Junior College, will teach mathematics, and Mrs. Dorothy Lamb, formerly an instructor in the Oakland schools, will teach art on a part-time basis.

To Show Movie at Covenant Church

The motion picture, "They Live Forever," produced by Dr. Irwin Moon of the Moody Institute of Science, will be shown Thursday evening, September 7, at Lafayette Mission Covenant Church. The picture was the first of the series of full color and sound films produced by Moon. Two of his later pictures, "God of Creation" and "Dust or Destiny," have been shown in Lafayette.

"They Live Forever" shows, in addition to pictures of the scientific demonstrations then given during World War II by Moon, several incidents which were especially interesting during the days of the war. The personal experiences of two of the men who were with Eddie Rickenbacker, Lt. James C. Whittaker and Sgt. John Bartek, are given. There is also the personal testimony of Col. George S. Clark, one of the last army officers to leave Bataan.

The service will be held at 7:45 p. m. in the Mission Covenant Church.

Expanded Church School Planned

With the Fall term scheduled to start September 17, the church school department of the Lafayette Community Methodist Church is busy with plans to increase its efficiency.

According to a letter sent to local residents by John A. Cutler, superintendent of the church school department, a series of five weekly Tuesday night parent-teacher forums will be held, starting September 26.

Cutler also points out that more teachers are needed for the church school, since the number of classes is being increased to 16, to eliminate overcrowding.

Those interested or who desire further information are asked to phone Cutler at Lafayette 3064 or to get in touch with Rev. Harry E. Shaner, pastor, at the church.

School Bus Group Agrees on Points Regarding Service

Stressing safety to pupils as its first consideration, the newly created School Transportation Committee, representing Acalanes High School, Lafayette Elementary and Orinda Elementary School Districts, held its first meeting last week, consisting of one member of each school board concerned.

Purpose of the committee is to agree upon general policies for pupil transportation in this area. William Freeman, of the Acalanes High School Board, Charles Neuman of the Lafayette Board and Ritchie Smith of the Orinda Board comprise the committee.

SAFETY FIRST

Agreeing that safety must come first of all, the committee set forth its ideas concerning aspects of the service to be provided. The committee agreed that safe, economical transportation does not call for a bus to stop at every child's doorstep, and general agreement was reached upon the following points, which the committee will recommend to the school boards concerned.

1. Pupils on either side of Mt. Diablo Boulevard will be picked up and delivered on their own side of the highway.

LOCAL CONDITIONS

2. Stops will be made from 1/4 to 1/2 mile apart, depending upon local conditions such as blind curves, hills and intersections, safety to riders being the prime factor.

3. New service will be provided for elementary pupils in the Lafayette Elementary District when there are five or more pupils at least 1/2 mile from an existing stop. No pupil will be picked up within 1/2 mile of the school unless he lives across Mt. Diablo Boulevard.

BUS TURN AROUND

4. New service will be provided for elementary pupils in the Orinda District when there are five or more pupils at 1/4 air mile from an existing stop and a place for the bus to turn around. No pupils living within 1/2 air mile from the school will be picked up.

5. New service will be provided for high school students when there are five or more pupils at least 1/2 mile from an existing stop. No transportation will be provided for high school pupils living within 1 mile from the school except across Mt. Diablo Boulevard.

It was decided further by the committee that warning signs should be erected on the most dangerous roads over which school buses operate. Although the high school is operating all school buses, the individual school districts will accept any recommendations and suggestions concerning routes and service.

Local Women Lunch at Art and Garden Center

Seen lunching at the Art and Garden Center in Walnut Creek last week were the following from Orinda: Mesdames William Fleager, Douglas Day, Melvin Jacobus and Charles Lohse. Mrs. Donald Bonar, whose home is in Lafayette, was also present.

Lundholm Back From Methodist Camp Week

John Lundholm returned Saturday night from a week's "vacation" at Tahoe City. There he was a counselor and faculty member at the Methodist Summer Camp.

Gulmans Vacation At Alumni Camp

The Robert H. Gulman family of Hawthorn Drive were among those local residents who enjoyed a vacation at the University of California's "family style" alumni camp, the "Lair of the Golden Bear" at Pinecrest.

The varied activities offered at the popular camp included the usual resort recreations of swimming, boating, fishing and hiking, as well as campfire discussions in the evening, led by favorite Cal professors.

Six Adults, Nine Kids At Silverman Barbecue

Mr. and Mrs. Herman Silverman entertained the Gilbert Myers and their three daughters and the Lester Conklins and their three boys at a barbecue at the Silverman home on Glenside Drive last Saturday night. Also enjoying the evening were the three Silverman youngsters—Mark, Danny and Janet.

In our neighborhoods, please drive carefully. How fast can you stop if a child runs out into the street in front of your car?

Loophole Still Loops, JC Jumps Hurdle And Phone's Ringing—But No \$2,300!

That possible loophole in the county zoning ordinance, whereby 40 homes might eventually be located on 10 acres intended for 20 homes, is still looping around.

First public hearing on proposed amendment to Ordinance 382 was conducted by the Planning Commission last week in Martinez, but, outside of conversation by the planners, there wasn't any discussion, because nobody else offered any words.

As presented by the San Ramon Improvement Association, the loophole is this: In an area zoned for three-quarter-acre homesite lots, a land owner could build a house on a quarter acre and sell the other half-acre to a homeseeker. This purchaser could build a house on his half-acre—and you'd have two homes on a plot intended for only one home.

J.C. JUMPS HURDLE

Contra Costa Junior College's East Campus has hurdled another problem in its approach to the fall term—or in the fall term's approach to it, if you want to look at the calendar that way.

Renting of certain facilities to

J.C. for its East Campus has been approved by trustees of Alhambra High School District and Martinez Elementary School District.

THE PHONE'S RINGING

You'll be hearing more about the phone company's request to the State Public Utilities Commission for increased rates soon—for the public hearing (no pun intended) on the company's application is set for September 27, 28 and 29, 10 a.m. each day, in the commission courtroom, State Building, San Francisco.

Not to be misconstrued as an endorsement of further phone rate hikes is the rejection by the Board of Supervisors of a request by 11 East Bay cities and Alameda County that Contra Costa County join, to the tune of \$2,300, an investigation of the "reasonableness" of the \$30,000,000 rate increase sought by Pacific Telephone and Telegraph Company.

The request came from Ross Miller, city manager of Berkeley, in his capacity of executive committee chairman of the 11-cities-Alameda County group studying the rate hike application.

Car Pool Being Formed for This Area's Fall Term Students at JC East Campus

A car pool is in process of being formed for students of this area who have signified their intention of attending Contra Costa Junior College's East Campus in Martinez this fall.

According to Ray Johnson, administrative assistant to Director Leland L. Medsker of the East Campus, David Long of 3609 Bickerstaff Street, Lafayette, is taking the initiative by asking that any of the prospective East Campus students from Lafayette and Orinda get in touch with him. His phone number is Lafayette 3861.

TRACK STAR

Long, a 1949 graduate from Acalanes High School, where he was a track star in hurdles and high jump, intends to take a general education course at J.C.

His offer is in response to a letter from Medsker sent to all prospective students from this area, explaining that the East Campus is attempting to aid them in securing "transportation to and from the college campus this coming fall semester starting in September." At Medsker's request, Long came to the SUN office, where he discussed the plan with Johnson.

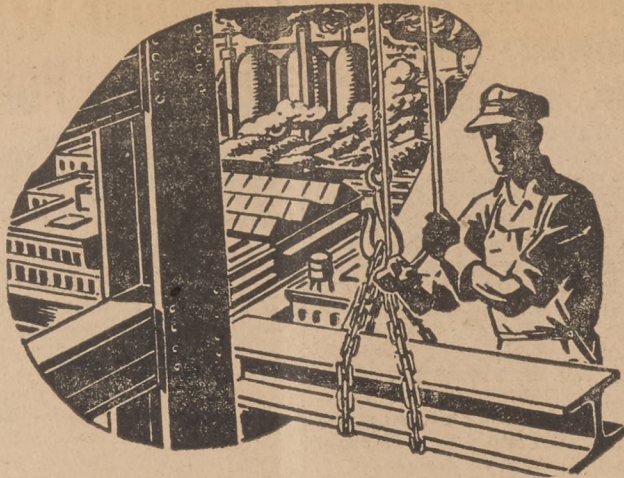

With registration scheduled to start September 11, the following from this area have signified their intention of attending the East Campus this fall:

FROM THIS AREA

From Lafayette: David Allen, 49 Moraga Road; Ida Duvander, 64 O'Connor Drive; Joe Odell, 33 Bickerstaff Street; Fred Read, 95 First Street; Shirley Van Cleave, P.O. Box 339; Don Wolverton, Route 3, Box 47; Raymond Ferro, Route 1, Box 455; Clark Gelhaus, 3364 Lafayette Boulevard; Theodore Hall, Box 742, Moraga Road; David Long, 3609 Bickerstaff Street; John Neighbors, 23 Stuart Street.

From Orinda: Ken Keep, 370 El Toyonal; James Macomber, 555 Miner Road; Donald Schmidt, 176 Lombardy Lane; Susan Druhe, 226 La Espiral.

Another Orindan, Barbara Ann Bush of 95 Camino Encinas, had also signified intention of attending East Campus this fall, but she was married to John Ballard Humphrey of Lodi August 20, and the newlyweds announced they will live in Lodi.

Men At Work

Sometimes it requires time away from our usual routine to see what is going on around

us. Labor Day is one such day. It is during

this pause that we take note of the new

buildings rising in our town, the new items

reaching our store counters, the thousands

of products and services we accept as com-

monplace. All these are as signposts saying

"Men At Work."

Letters to the Editor

Dear Sir:

I should like to challenge Captain Sandford's statement in his SUN column of August 11 in which he says, "I feel that newspaper reporters should definitely be eliminated from battle zones and even prevented from making statements and prophecies about the possible movements of fighting forces."

I grant that some of our newsmen—top reporters included—have written stories which have violated security measures of our armed forces and have given aid and comfort to the enemy. I agree with the captain that this should not be permitted and that there should be a general tightening up on much important military information. Most reporters will agree with this. No newsmen want to break news at the expense of lives.

However, to bar reporters completely from the battle zone would deprive the American people of much of the information they are entitled to receive. Citizens of a democracy deserve to know the truth, although the situation may dictate delayed release of information. To withhold information from the public when it violated no security would be contrary to one of the fundamental principles upon which the nation was founded.

Newspapermen are specialists in the gathering, processing and distribution of information to the public. The military, during the height of operations, has neither the experience, time nor inclination to

perform these functions.

There must be no doubt in the minds of most of the newspaper readers today that they are much better informed on the Korean situation because of the presence in the battle zone of hard-working, competent American newsmen.

Unfavorable actions and blunders are more likely to be suppressed, glossed over or unduly delayed if it is left up to the military to tell the taxpayers about them.

There must be no doubt, either, in the minds of newspaper readers during World War II that writers like Ernie Pyle made an invaluable contribution to the war effort by their vivid word pictures and accurate coverage of battle events.

Furthermore, military operations constitute only one phase of our tremendous conflict with the Reds. Even one of our top military leaders has declared that the issue will be settled "in the minds of men." This, then, is not the time to eliminate information sources or turn them over to the Army or Navy.

What is needed, perhaps, is a policy which prevents immediate dissemination of news which aids or comforts the enemy, but which permits important news—good or bad—to be given the people when it does not endanger the nation or its allies in any way.

JOHN L. FERRIS,
Walnut Creek.

Drive carefully—the life you save may be your own.

Blood Bank Unit Coming to W.C. On October 12th

The Mobile Unit from the Stockton Regional Blood Procurement Center of the American Red Cross will be at the Legion Memorial Building in Walnut Creek on October 12.

All residents within the area of the Mt. Diablo Chapter of the American Red Cross are urged to come at this time to donate a pint of blood. In this way, blood is supplied free to civilians, and now there are also the emergency needs of the armed forces in Korea to fill.

The chapter recruitment committee, under the chairmanship of F. E. (Bill) Hayward, hopes to sign up enough people to insure the donation of 100 units. If you wish to be on the list, just call the office of the local Red Cross Chapter—Walnut Creek 2647—and you will be given a definite appointment and arrangements made for your transportation, if necessary.

Businessmen To Study Defense

The Contra Costa County Development Association is cooperating with the San Francisco Chamber of Commerce in sponsoring the first government conference on defense for all businesses of northern California and Nevada, it was announced today by W. O. Barnes, association president.

Organized at the government's request by the San Francisco Chamber working through associations and chambers of commerce in the designated region, the conference will be held Wednesday in San Francisco's Fairmont Hotel.

25 Per Cent Rent Increase Okayed For Contra Costa

Effective this week, landlords in Contra Costa County who have not had rent increases since June 30, 1947, are assured of 25 per cent rent increases.

Rev. George W. Rease of Richmond, chairman of the Contra Costa Rent Advisory Board, announced that, under the plan set up by the Federal Housing Expediter in Washington, such an increase will be granted if the landlord fills out the necessary form and files it with the rent control office in Martinez.

OTHER PROVISION

"This blanket increase does not apply to landlords who have had 15 per cent increases by virtue of leases with their tenants," Area Rent Director John Blake pointed out. "Such landlords, however, can make applications for 10 per cent increases to bring them up to the 25 per cent level."

Five days after filing of the form at the rent director's office, the office will issue an order for the increased rent. Copies of the order will be sent to both landlord and tenant.

BOARD MEMBERS

Chairman Rease, Frank J. Hollender of Pittsburg, E. W. Buxton of Martinez and M. F. Grief of Antioch are the rent control board members who approved the plan. Board Member Felix Dumond of Martinez was absent at the time.

According to Rease, offices will be set up in the Richmond city hall, Martinez, Pittsburg and perhaps other cities where the application forms may be obtained.

Captain Sandford Sez

MY HORSE SEZ TO ME the other day, "Cap, why do some folks ride so nice and easy like and some others can't act nice, but just lash and whip and kick and tug and squirm?"

And I just sez, "Patches, old Timer, you're asking me?"

I KNOW A MAN WHO IS A CHEF in a restaurant. He served with the army for a number of years and when discharged remained in the reserve. He has been ordered to report for duty.

I asked him if he expected to be accepted. He said, "I have various physical disabilities, but I expect that they will say: 'Did you walk in under your own power?' And if I say, 'Yes, they will say: 'YOU'RE IN!'"

IN FURTHER REGARD to the East Bay Municipal Utilities District, I have been asked for some details by a number of my friends.

I am giving serious consideration to the possibility of calling a public meeting at which many interesting particulars could be furnished to those who are interested in the somewhat peculiar methods of distribution of this one of God's greatest gifts to us... our water.

THIS STORY WAS TOLD ME by an old resident of Lafayette. She came here about 47 years ago. It seems that tramps had marked their farm house as a good place to cadge a free meal. As a natural consequence of this, hobo traffic became unbearably heavy. Something had to be done about it.

One day a large, tough hobo arrived at the door and stated that he was famished with hunger and for a good breakfast he would gladly chop a large quantity of wood. The farmer's wife was alone. She cooked him a large breakfast of mush, cream and bacon and eggs. She then stepped out to feed some young turkeys, and when she returned the tramp was gone.

The lady grabbed a loaded rifle from behind the door and rushed out and yelled, "Stop!" Seeing the rifle, he stopped. She then called to him, "Come back here, you nasty-nasty man and chop the wood as you promised" (or words to that effect).

Seeing the rifle in evidently capable hands he came back and chopped and chopped and chopped, while she stood by with the loaded rifle. Her husband, returning, found the man chopping while his wife superintended. The husband said, "He's chopped enough." But the wife was adamant and the man chopped and chopped until finally released and allowed to go. The tramp traffic immediately diminished to nearly zero. Good-bye now.

Seniority Setup Slated for Study By Sanitary Board

With civil service for employees of the Central Contra Costa Sanitary District going into effect today, the matter of seniority for some 23 employees of the district is due for further consideration at next Thursday night's regular meeting of the district board.

Indications are that the new civil service status will cover establishment of seniority, since it was one of the possible methods mentioned at last week's meeting for gauging seniority. The matter was put over to next week.

Voted by the board August 10, the civil service setup is mandatory under a state law passed in 1949, and includes all personnel except the five directors, the secretary (who is Director H. M. Smitten), Attorney John Nejedly and Manager-Engineer John Mason.

Next Thursday night's session will be at the regular meeting place, the district office at 1822 Mt. Diablo Boulevard, Walnut Creek.

At last week's meeting the board set \$250 and an inspection fee of \$25 as the sewer connection charge for the parcel of land in Lafayette Meadows owned by William J. Murphy.

Reviewer Offers Show Comments

By Carrie L. Brown

The musical revue, "Meet Your People," put on at Alcalanes High School August 24, 25 and 26 for the benefit of the Mt. Diablo Child Therapy Center, showed abundance of talent in people of this area.

The skaters, Harriet Jamison and Ted Robinson, put on a very clever act. The youth and grace of the ballet dancers was charming. The individuals in "Afternoon at a Women's Club" spoke their lines well but the act as a whole was tiresome. The burlesque dances of Fern McHale, Betty Volz and Adele Smith were just that.

FAMILY ALBUM

Family Album was so full of anachronisms in costume and props that it was unconvincing and was only saved by the lovely dancing of Carol Peters. The Cherry Sisters takeoff was clever but much too long.

Many of the spectators felt the "Wedding" should never have been made such a crass burlesque. They felt it was unpardonable for the "church congregation" to put on such rude and noisy byplay during the serious and lovely singing by the three soloists, Margaret Jones, Jo Anne Guldenzoph and Frances Groves. Even the young folk in the audience didn't think a wedding scene should be so irreverent. Even in the comedy "Father of the Bride" the wedding was so lovely and serious it made lumps come in their young throats.

A "Night in Cairo's" was well done by all participants, especially Carol Peters.

Although many felt critical of parts of the show, the audience was very glad to be helping the cause of the Child Therapy Center.

Twins' Pictures Are Used in Ad

Young Leila and Neil Holmes, twin son and daughter of the John A. Holmes of Hough Street, had their pictures in the paper last Sunday. They were chosen by one of the local milk companies to appear in an advertisement series of "healthy youngsters" that has been running weekly in one of the Oakland newspapers.

The Holmes twins certainly are good advertising for both the milk company and the good weather in Lafayette.

State Fair Gives High Rating to Kasten Art

With announcement of awards made in art for exhibition at the State Fair in Sacramento, word has been received here that one of the honorable mention winners is Karl Kasten, a local artist, for his modern oil work.

Mrs. Duncan Knudsen Plans Cocktail Party for Art Show Group

A cocktail party to honor members of the art jury for the forthcoming 1950 Walnut Festival Art Show was an important item on the agenda of the art show preview program committee which met recently at the home of one of the co-chairmen, Mrs. Duncan Knudsen of Lafayette.

The cocktail party will be held next Thursday afternoon at the Knudsen home on Upper Happy Valley Road to honor the jury and to bring together the patrons of the preview whose invitations to other art enthusiasts of the Bay Area will swell the list of sponsors for the September 21 preview of the three-day outdoor art show.

NOTED ARTISTS

The show will be a distinctive part of the Walnut Festival, to be held this year on September 22, 23 and 24 in the Walnut Creek City Park. West Coast artists of note will exhibit their paintings, sculpture, photography, ceramics, art-in-action, creative jewelry and furniture, weaving and woodcarving.

There will be a group exhibit of work of the Diablo Art Association included as a feature of the show.

JUDGES NAMED

The judges who will be honored at the cocktail party are Glenn Wessels, chairman of the Department of Art of the University of California; Rex Brandt of Corona Del Mar's Brandt-Dike School of Design, and Richard Lofton of the Carmel Art Association.

The patron group, headed by Mrs. Knudsen and Mrs. Samuel Abbott of Diablo, includes the following community groups:

FROM LAFAYETTE
Lafayette—Mesdames and Messrs. Duncan Knudsen, Donald Norman, Robert Evans, O. L. King, Raymond Tolles, William Freeman, Stuart Dinwiddie, Edmund Barn-

ett, Dana Hamlin and Robert Bridges and Mrs. Matthew Jellett. Orinda—Mesdames and Messrs. Erik Erikson, Herbert Goranson, Lonie Bee, Milton Vail, T. B. Ballard and J. S. Fraser and Kendrick Morrish.

Walnut Creek—Mesdames and Messrs. Edward Larmer, Arthur Wagstaff, Keenan Herrick, Robert Clough, Reginald Biggs, John Lar Rieu, Peter Howard, R. W. Rinehart, Edward Counter, Hans Sorensen, Thomas Sorensen, Henry Peters and Mrs. Flor Hook and C. Robert Johnson.

Labor Day Horse Show to Feature Western, English Team Events

This year's Labor Day Horse Show promises to be the most spectacular and interesting show held in Concord, featuring a well balanced program of Western, English and team events.

Top stock horses will exhibit their know-how, working on cattle from the ranch of Jeff Clauch. Top calf ropers will exhibit their skill on calves supplied from the ranch of Oswald Waters, and top flight hunters and jumpers will compete over the hazardous and thrilling outside course at the Trail Ride grounds. Also featured will be relay race teams from various horse organizations, and the juniors will have several fine classes designed specifically for them. The show is sponsored by the Concord-Mt. Diablo Trail Ride Association.

Horse Show Chairman Mrs. Richard Hudnut announces that her committee has completed all plans and is now assembling the entries of some 300 participants. Her committee consists of George Walling, Joseph De Rosa, Fred Brotsch, Mrs. Gerald Gray, Don Marquis, Richard Humphries, F. Oliver Hatch, George H. Cardinet, Jr., Jeff Clauch, Louis Santos, Kirby Morgan, Earl Schneider and Prosper Olivera.

Judges for this event in the western division are: Frank Santos of Cutter Laboratories, renowned ex-

hibitor of stock horses and horse show judge, and Tex Welch of Loomis, Calif., cattle man, stock horse exhibitor and veteran of many trail rides. In the English division: Mrs. Elizabeth Pope of San Mateo, many years experience as an exhibitor, instructor and judge, and Wallace Nall, Jr., of San Francisco.

Bangkok Visited By Mrs. Mattson

Word has been received from Mrs. Erwin Mattson of an interesting visit in the ancient city of Bangkok during her trip around the world. At present Mrs. Mattson, who is traveling with her mother, Mrs. E. W. Howe, is sightseeing in India.

Their next stop will be in Egypt, where they will visit both Cairo and Alexandria. They will also view the Great Pyramids.

Bids Received for Church Additions

Bids totaling approximately \$68,000 were received last week by Trustees of the Orinda Community Church for construction of the third church unit, remodeling of the present church hall and addition of a kitchen to provide adequate parish house facilities.

The bids are under study by the church building committee.

HELD NECESSARY

In spite of increased estimates the officers have agreed that building operations are necessary to meet urgent present attendance needs, and a special committee is at work to undertake financing the project.

A community-wide canvass in May, 1949, resulted in gifts and pledges totaling \$36,000, more than half of which has been received and from which has been paid costs of extensive improvements in roads and sidewalks.

RAPID GROWTH

The church has occupied its own structures for less than two and a half years, and rapid growth has pressed the facilities beyond their normal capacity almost from the

beginning, according to Building Committee Chairman Leo J. Alexander.

The church buildings have also been made freely available to community groups and agencies at all times not taken up for church uses, he points out.

DOUBLE-USE CHAPEL

The projected new unit, plans and specifications for which were prepared by Ratcliff and Haymond, Berkeley architects, will contain a chapel which will double for youth assembly and adult church purposes, six classrooms and space for future expansion into six additional classrooms on the lower floor. The chapel will contain the present memorial pipe organ, a commodious chancel, and a large foyer usable separately or as a part of the chapel.

The church has a present membership of 250 and the Sunday school enrolls 550 pupils.

Sept. 5, 6 Are Final Days for School Signup

Final days for registration of new pupils in the Orinda School District will be next Tuesday and Wednesday, September 5 and 6, from 9 a.m. to 4 p.m. each day, at the Orinda Grammar School, it was announced this week by Superintendent Joseph L. Sheaff.

"Those students who must register are new kindergarten and first grade pupils and those students who are transfers from other districts," Sheaff explained.

The registration at the Orinda School is for all new pupils anywhere in the district, whether they will attend the Orinda or Glorietta School.

Sheaff stressed that no registrations will be made on the opening day of school, September 11. If for any reason a new student has not registered by the time school opens, he should not appear for registration until the second day of school, September 12.

Letters To The Editor

Dear Sir:

Because the Orinda Board of Fire Commissioners has always held safety to the public and to the department's personnel of primary importance, we would appreciate your cooperation in correcting a misinterpretation when your issue of August 25 reported the Crossroads auxiliary signal would "enable the fire department to speed unimpeded across Mt. Diablo Blvd."

The purpose of the signal control is not to make a high speed crossing available, but to stop traffic so the motoring public will be protected, and the men on the trucks will be given safe conditions under which to cross a busy highway. One of the conditions stressed in our discussions with the State Highway officials before they signified willingness to grant a permit for the signal control was that the Fire Department would hold down its speed in making this crossing. The instructions of the chief are explicit, and the board will support him in maintaining the safety of the department.

Very truly yours,
ORINDA BOARD OF FIRE COMMISSIONERS
Gilbert Earle
142 Crest View Dr.
Orinda, California.

Orinda Library Gets New Books

"World Enough and Time," Robert Penn Warren's best selling historical novel of a crime of passion committed a century ago in Kentucky, headlines Orinda Branch Library's recently delivery of 105 books from Contra Costa County Library headquarters in Martinez. Current favorites in the non-fiction field include: "The Little Princesses," by Crawford; "I Leap Over the Wall," by Baldwin; "Dianetics," by Hubbard; "All the Ship's at Sea," by Lederer; "Room for One More," by Rose.

All added books, including 60 for the boys' and girls' shelves, may be found listed in the local library, located in the Community Church building.

Benefit Bridge Held for Weimar

A desert-bridge for the benefit of the Weimar Sanitarium welfare fund was held yesterday at the E. J. Spiegel home at 308 La Espiral. Mrs. George Vurek was in charge of arrangements for the affair. It was planned by a group of women in cooperation with the Contra Costa Public Health Association's efforts to raise funds to aid Weimar patients.

O'Neals Are Moving

Mr. and Mrs. D. E. O'Neal and two small daughters were busy last weekend moving to their newly completed home on Overhill Road from their former residence on Glorietta Boulevard.

Vacation at Cedars

David Brown, son of Mr. and Mrs. James Brown of Las Vegas Road, enjoyed an outdoor vacation last week, staying with friends at The Cedars, resort near Soda Springs.

Garbagemen Hit Dump-Use Denial

By a vote of 4 to 1, with Supervisor Jack Cummings casting the lone "no" vote, the Board of Supervisors Monday denied issuance of a license for continued operation of the Vine Hill garbage dump.

The dump, used for the past 11 years by six garbage-collecting firms in this part of the county, including Lafayette and Orinda operators, is off Arthur Road, about two miles this side of Martinez.

Upon the supervisors' denial, the operators announced they would use the dump anyway, and their attorney, James Hoey, said he would go into Superior Court for a writ of mandamus to compel the supervisors to allow use of the dump.

PRO AND CON

Motion to deny a license was by Supervisor Ray S. Taylor, seconded by Supervisor S. S. Ripley. Reasons given by Taylor for denial were that the dump for several years was a public nuisance and a health menace, that the dump was not cleaned until the board filed a public nuisance suit several weeks ago, that it was too close to the Vine Hill residential area and that the garbage trucks traveled on roads frequented by small children.

Cummings pointed out that the operators had complied fully with state and county health requirements. He stated yesterday that he felt the price asked by Dan Gardner and Boyd Olney, Jr., holders of a permit for a new dump on Port Chicago Highway between Martinez and Avon, was far too high and that if the operators were subjected to the price it would be unfair and might result in a general increase in garbage-collection rates.

LOCAL OPERATORS

Local operators involved are Lafayette Disposal, owned by Arthur Di Grazia and Louis Repetto, and Orinda Garbage and Refuse Disposal Service, owned by Joe Navone. Navone told the Orinda Association's Board of Directors Monday night that use of the Vine Hill dump has been costing the six operators about \$400 a month and that Gardner and Olney at first asked \$1500 a month and then lowered their figure to \$100 a truck—which, for the 14 trucks used, would come to \$1400 a month.

On motion of Bob Spott, seconded by Kirk Miles, Association President Marvin Bonds was instructed to call the district attorney, county health officer and Board of Supervisors and inquire into the facts of the situation, pointing out that the association board is concerned over a situation which might make it necessary for the local operator to violate the law "during a period when negotiations for a new site" are going on.

Bottjers Return From Northwest

The Richard Bottjer family of Via Floreada returned recently from a vacation tour which took them to Spokane, where they visited Bottjer's parents, and to Oregon Caves and Crater Lake on their homeward trip.

The two older boys, Gary and Steven, had spent about four weeks in Spokane with their grandparents, Mr. and Mrs. Bottjer and youngest son, Jan, driving up about three weeks ago to get the boys and continue their vacation plans.

The youngsters had their first introduction to snow at Crater Lake and reportedly thoroughly enjoyed it.

Visit the Woodcocks

Mr. and Mrs. Eugene Templeton of Redondo Beach, friends of the D. B. Woodcocks, spent four days visiting them at their Orinda home.

LEGAL NOTICE

NOTICE OF INTENTION TO EXECUTE CHATTEL MORTGAGE
NOTICE is hereby given that **KARL E. FITCH** intends to execute a Chattel Mortgage to **BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION**, a national banking association of certain fixtures and equipment.

That the character of the property intended to be mortgaged is office furniture, fixtures, and equipment now located in and used in the conduct of that certain electrical supply and repair business known as "**ORINDA ELECTRIC SHOP**" situated at 41 Moraga Highway, Orinda, California.

Said Chattel Mortgage will be executed on Monday, September 11th, 1950, at 10 o'clock A.M. of said day, at which time the consideration for said Chattel Mortgage will be paid at the Berkeley Branch, Bank of America National Trust and Savings Association, 2101 Center Street, Berkeley, California.

That the name and address of the said Mortgagee, are: **KARL E. FITCH**, 219 La Espiral, Orinda, California.

Bennington Again For Nancy Miller

Nancy Miller and her parents, the Edwin W. Millers of 3 La Bolla Way, have been vacationing up at Tahoe, but today Nancy returns to Bennington College in Vermont to start her sophomore year there. Nancy is majoring in nursery school teaching and also aesthetic and classical dancing.

She has had as her guest during this vacation one of her Bennington classmates, Olivia Donovan from Ridgewood, New Jersey.

This has been a full week for the Millers, what with getting Nancy off to school again, and also celebrating their 20th anniversary.

What Are Facts on Trespass Hunters?

Can a California landowner claim the fish or game caught by a trespasser?

Is public fishing permitted on all waters stocked by the state?

What is legally posted land?

ANSWERS GIVEN

Answers to these and many other timely questions on the state's trespass laws have been made available to California sportsmen by the Santa Anita Sportsmen's Club. J. B. Tietz, Los Angeles attorney, has put together laws and opinions from several sources under the title "Hunting and Fishing Trespass."

According to the booklet, game surprised and killed by a trespasser belongs to the owner of the land. The old common law principle was upheld in 1897 by the California Supreme Court.

While it is the policy of the Fish

and Game Commission not to stock waters that are posted or to permit stocking on any private property unless at least one-third of the water is open to public fishing, the state is without recourse when private property is later closed to entry.

WITHOUT RECOURSE

Legally posted property is defined as uncultivated or unenclosed lands where signs forbidding trespass are displayed at intervals not less than three to the mile along roads and exterior boundaries. Entering lands under cultivation or enclosed by fence for the purpose of hunting or fishing is a criminal trespass.

Among the booklet's contributors is Deputy Attorney General Ralph W. Scott, counsel for the California Fish and Game Commission.

Boy, 14, Shot in Moraga Accident

While cleaning a .32-caliber pistol at the home of his sister, Mrs. Mary Crouch of Moraga, 14-year-old James Thompson, Jr., of Oakland was accidentally shot recently. The bullet went through his left hand and lodged in his left leg.

After emergency treatment by Drs. J. N. Vizzard and C. L. Feiler of Lafayette, the boy was taken to Herrick Memorial Hospital where the bullet was removed. James was reported recovering nicely this week. The gun belonged to his brother-in-law, Max Crouch, according to Inspector Norman Wilson of the sheriff's office. The accident occurred August 17.

Entertains at Luncheon

Mrs. G. Chester Brown entertained a group of Orinda friends with a luncheon and card party August 18. Guests were Mesdames Paul Booth, Wesley Smith, Ida Zamloch, Andy Blalock, Frank Hight, Dick Hafner and John Ogden.

Orinda Kids' Birthdays Keep Occurring And So Do the Youngsters' Gay Parties

Birthdays were celebrated by many Orinda youngsters last week and recently.

LINDA SHIREY

Linda Shirey, daughter of Mr. and Mrs. Frank Shirey, 69 Hillcrest Drive entertained 10 of her first grade friends at a picnic and swimming party held at Carroll Ranch on August 23 in honor of her 7th birthday.

TOM COOPER

Tom Cooper, son of Mr. and Mrs. T. R. Cooper of 47 Charles Hill Road, was eight years old August 19 and to celebrate the occasion he took the following group of friends to a movie in Oakland: Billy Pedder, Chatten Soule, Michael and Bardin Wilmar, John Thurston, Michael Gilvan, Peter Cooper and Joslyn Jensen.

STANLEY DUNCAN

On August 22 Stanley Duncan, son of Mr. and Mrs. Sheldon Duncan of 25 La Cuesta Road, celebrated his 6th birthday by having a group of his friends at his home for a Hopalong Cassidy movie and refreshments.

VIRGINIA EBERLIN

Little Virginia Eberlin, daughter of Mr. and Mrs. A. W. Eberlin of 174 Orinda Highway, was three years old recently, and the following friends joined her at a party at her home in celebration of the occasion: Dennis and Janet Lucas, Randy and Judy Lucas, Stephen Lowman, Shirley and Carol Davilla from Richmond, and her brother, Bobbie Eberlin.

TEDDY SCHILLING

Teddy Schilling, son of Mr. and Mrs. T. A. Schilling, 94 El Toyonal, had a group of friends for his neighborhood for luncheon August 19 to help him celebrate his 5th birthday. Those attending the party were: Bobbie Matey, Laurie Hupp, Billie Denhart, Paul Reiger, Jenni-

fer Davey and Teddy's sister, Susan Schilling. Teddy will enter the first grade at Orinda School this fall.

BONNIE STYLES

Bonnie Styles of 47 Ardilla Road had the following friends to a party at her home on August 19 in honor of her 6th birthday: Joyce Bailey, Bobbie Bailey, Dianne Kersten, Ginger Ketsdever, Michael Kersten, Betty Lucas, Gayle and Karen Schmidt, and her cousins, Jean and Jerry McCall.

DANEEL AND DAYLIN

Daneel and Daylin Sheppard of 631 Miner Road held a joint birthday party on August 15. They entertained 15 guests with movies and refreshments at their home. Daneel was four years old on August 13 and Daylin was two years old on August 15.

Mrs. E. T. Meakin Injures Her Knee

Friends of Mrs. E. T. Meakin are sorry to hear of her knee injury August 17 when she was visiting San Francisco's Cypress Lawn Cemetery, but are glad to learn there was no bone broken.

LEGAL NOTICE

NOTICE OF HEARING ON PETITION TO WITHDRAW TERRITORY FROM THE EASTERN CONTRA COSTA COUNTY FIRE PROTECTION DISTRICT

BEFORE THE BOARD OF SUPERVISORS OF THE COUNTY OF CONTRA COSTA, STATE OF CALIFORNIA

IN THE MATTER OF THE WITHDRAWAL OF PROPERTY FROM THE TERRITORY OF THE EASTERN CONTRA COSTA COUNTY FIRE PROTECTION DISTRICT

RESOLUTION SETTING TIME AND PLACE OF HEARING AND GIVING NOTICE THEREOF.

WHEREAS, a petition for the withdrawal from the Eastern Contra Costa County Fire Protection District of the hereinafter described property, signed by fifty (50) freeholders within said property, has been filed with the Board of Supervisors of Contra Costa County, as required by Section 14561 of the Health and Safety Code.

NOW, THEREFORE, the Board of Supervisors of Contra Costa County hereby fixes 11 o'clock A.M., Monday, September 18, 1950, in the chambers of the Board of Supervisors, at Martinez, California, as the time and place for hearing said petition, and all protests, oral or written, made thereto, and also all protests, oral or written, made to the continuance of the remaining territory as a district.

IT IS FURTHER ORDERED that the Clerk of said Board is directed to publish a copy of this resolution by one insertion in the Orinda Sun, a newspaper of general circulation within the district, in which the Board deems most likely to give notice to the inhabitants of the proposed withdrawal area.

IT IS FURTHER ORDERED that the territory proposed to be withdrawn is as follows:

Beginning at the most southerly corner of Lot 83 as shown on the map entitled Moraga Woodlands Unit No. 2, filed October 21, 1937 in Map Book 22 at pages 641 to 644 inclusive, Office of the Recorder, Contra Costa County, California; thence northeasterly along the southeast line of said subdivision and along the northeasterly extension of said southeast line to the northeast line of County Road B-31, known as Moraga Highway; thence southeasterly and southerly along the northeasterly line of said Moraga Highway to a point which bears N 40° 22' 50" E 21.51 feet and N 62° 00' 15" E 60.0 feet from the most easterly corner of Lot 78 as shown on the map entitled, Moraga Del Rey Unit No. 1, filed May 24, 1946, in Map Book 29 at pages 27 to 37 inclusive; thence S 62° 00' 15" W 60.0 feet and S 40° 22' 50" W 21.51 feet to the most easterly corner of said Lot 78; thence southerly along the southeasterly lines of Lots 78, 79, 80, 81 and 82 to the most southerly corner of Lot 82; thence northwesterly along the southwest line of said Lot 82 to the southeasterly line of El Camino Moraga as shown on the said Map of Moraga Del Rey and Moraga Del Rey Unit No. 2, filed August 11, 1948 in Map Book 35 at pages 34 to 37 inclusive; thence southwesterly along the southeasterly line of said El Camino Moraga to the intersection thereof with the extension southeasterly of the southwesterly line of Lot 75, as shown on said map entitled, Moraga Del Rey Unit No. 1; thence northwesterly along said southeasterly extension and along the southwesterly line of said Lot 75 to the most westerly corner thereof; thence continuing northwesterly along the westerly line of said Moraga Del Rey Unit No. 1 to the most westerly corner of Lot 65 of last mentioned map, being also a point on the northerly line of the 168.4 acre Tract deeded to William Spivock, et ux, April 26, 1946 and recorded in Volume 890 of Official Records at page 432; thence following the northerly line of said 168.4 Acre Tract; S 14° 07' 18" W 764.65 feet; S 60° 28' W 700.0 feet; N 81° 36' 39" W 1988.61 feet to a point on the western boundary line of the Rancho Laguna De Los Colorados; thence northwesterly along the

Orindans Hear Disaster Plans

(Continued from Page 1)

should be coordinated by county health officers.

NUMBER OF RESERVES?
The question of police reserves cropped up repeatedly during the session. Although Long insisted he did not know how many would be selected for the Orinda area, he mentioned "about 20 men" as a hypothetical figure several times.

At one point, Clough declared: "I would like to have a body such as this have some say in recommending those men."

"That's O.K. with us," the sheriff rejoined, "but don't feel badly if we turn you down."

MIGHT ASK LIST
Later, however, the sheriff said his office might get in touch with the Orinda Association some time and ask for a list of men it could recommend for police reserve duty.

The meeting started with a general explanation by Burton of the steps being taken and contemplated in organizing the county disaster program.

In addition to Long and Burton and to Bonds and Clough, those present were Horace Breed, Kirk Miles, Andy Blalock, Bob Anthony, Mrs. Roberta Spiegel (secretary of the association board), Harold Rote, Wayne Littlejohn, Bob Spott and as an observer from the Moraga del Rey Community Association, R. E. Thies. Rote is the representative of the Moraga del Rey group on the Civic Affairs Committee. Mr. and Mrs. Joe Navone were also present during part of this discussion.

In our neighborhoods, please drive carefully. How fast can you stop if a child runs out into the street in front of your car?

western boundary line of said Rancho to the most southerly corner of Lot 68 as shown on aforesaid map of Moraga Woodlands Unit No. 2; thence northeasterly and southeasterly along the southerly boundary of said map of Moraga Woodlands Unit No. 2 to the point of beginning.

The foregoing resolution was passed and adopted by the Board of Supervisors of the County of Contra Costa this 21st day of August, 1950, by the following vote, to wit:

AYES: Supervisors S. S. Ripley, H. L. Cummings, Ray S. Taylor, W. J. Buchanan, J. Frederickson.

NOES: Supervisors None.

ABSENT: Supervisors None.

I HEREBY CERTIFY that the above and foregoing is a full, true and correct copy of a resolution of the Board of Supervisors passed and adopted by said Board at its regular meeting on Monday, August 21, 1950.

W. T. PAASCH,
County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Contra Costa, State of California.

By J. ARCHINAL,
Deputy Clerk.

Women's Guild Sets Meetings

Section 1 of the Women's Guild of Orinda Community Church will meet at noon Thursday, September 14, at the home of Mrs. Frank B. Hight, 46 Camino Sobrante. After serving of hot coffee, tea and a dessert to accompany the sandwiches members will bring for their lunch, devotions will be led by Mrs. Lance Barden. Following this, Mrs. Nettie Stewart Gaines, writer and retired teacher, will talk on "Afternoon With the Poets."

Section 3, an evening group called "Gift-Makers," will meet September 11 at the home of Mrs. C. W. Kersten, 154 Canon Drive. Mrs. H. Atkinson will give the devotions. The group decided to spend the evening in sewing for the Fall bazaar. Assisting the hostess in the serving of refreshments will be Mrs. A. T. Styles and Mrs. N. F. Bailey.

Section 4, the "Hand Crafters," will meet the evening of September 27 at the home of Mrs. W. S. Dean, 33 Longridge Road. Co-hostess will be Mrs. H. Reiger. Mrs. R. A. Potter will lead the devotions. The program will be featured by a discussion on birds by Andy Blalock.

Section 5 will meet the evening of Tuesday, September 12, at the home of Mrs. T. Schilling, 94 El Toyonal Road. Co-hostess will be Mrs. B. B. Seim. The devotions will be led by Mrs. John Ogden. Mrs. A. D. Henry will give a book review.

Announcement of the place and program of Section 2 meeting will be made later, but the date will be Wednesday, September 20, at noon.

Sheriff Explains Disaster Program

(Continued from Page 1)

will base our ultimate organization on it."

Both Long and Burton stressed avoidance of hysteria and of over-organizing. Burton said he had attended a State Disaster Council meeting in July, called by the governor, at which Paul Larson of the U. S. Defense Council had emphasized:

"Set up your committees and your top personnel, with the exception of police and fire. Don't recruit for any other sections than police and fire."

COMMITTEES

Committees which are being set up, Burton said, include law enforcement, utilities, communications, fire, health and medical, Red Cross, transportation, recruitment and personnel, Department of Public Works, schools.

The State Disaster Act was passed in 1945, Long said, and by order of the Board of Supervisors in 1946 the County Disaster Council was outlined. Incorporated areas can set up their own programs, he stated, but for the unincorporated areas the sheriff is designated as over-all chairman of the disaster council.

EARLIER STATEMENT

In an earlier announcement, the sheriff had said:

"At the behest of national, state and military authorities, a closely knit, co-ordinated service group designed to cover every phase of any type disaster has been set up, with additions and adjustments remaining to be concluded.

"Under existing law, the sheriff of each county is designated as the disaster chairman. 'The sheriff's office has been diligently engaged for weeks in organizational work. Ours is a county of diversified interests and large population that demand consideration of many safety factors.

"The sheriff's office is designated as the agency in charge. Each unit is being set up under a separate chairman operating under delegated authority. Selections have been made and will be made solely upon competency to best serve the interests that must be served and the conditions that must be met.

"The people who are being chosen are individuals in whom the public can have confidence. From time to time, through the press and the radio, informative material will be given the public, so everyone may know personnel, equipment, and services, what is expected of each and how the public may cooperate."

Regarding communications, Bur-

Mrs. Popovich Sings at Sunday Orinda Service

Margaret Popovich, newly appointed director of music of the Orinda Community Church, will sing, accompanied at the organ by Virginia Baker, at the church service Sunday at 10 a.m.

This is to be Mrs. Popovich's introduction to the Orinda congregation as she assumes her new duties with the senior and junior choirs. Her number is "How Beautiful Upon the Mountains," by Harker.

Conducting the service and preaching will be the Rev. Fred Morrow, minister of the Community Church. His subject will be "Beginning Where We Are," and he will use as his text Acts 11:26, "The disciples were called Christians first at Antioch."

At the same hour there are Sunday school classes for children. Boys and girls above the third grade attend the first half of the adult service. Mr. Morrow's story for juniors will be "The Careless Campers."

2 Sisters Visit Mrs. A. Flenner

Mr. and Mrs. A. C. Flenner of 52 Acacia Drive recently enjoyed the visit of Mrs. Flenner's sisters from Chicago, the Misses Doris and Florence Dangremont. The Flenner family drove their guests to Yosemite Valley for a sightseeing trip.

Then they entertained them with a luncheon party to which were invited former Chicago sorority friends now living in Berkeley.

NEW SP EQUIPMENT

Plans for buying or building an additional 5000 freight train cars and 46 diesel electric locomotives have been announced by President A. T. Mercier of Southern Pacific. The new equipment will raise to 28,630 the total number of new freight train cars and to 50 the total number of diesel electric locomotives for Southern Pacific since end of World War II, Mercier reported, besides an investment in half the cost of 8000 new Pacific Fruit Express refrigerator cars.

ton had previously announced: "The system evolved is one in which the people can have confidence. We recognize communication is our first and most important disaster element. It has been given studied consideration."

Burton said that first there is the usual mode of communication—the telephone and teletype. Behind this is the sheriff's office radio system, susceptible to reception by many radio-equipped automobiles and other stations and on the receiving sets of many homes.

AUXILIARY SYSTEM

In the event of damage or demolition of the central towers and broadcasting equipment, he said, there has been provided an auxiliary system to which immediate shift can be made. There is also provision for emergency power, he added.

Beyond these auxiliary provisions there is a complete mobile sending station, he stated.

Your Garden

Taking Inventory in the Fall Is a Big Phase of Planning a Successful Garden

By BERT WRIGHT

AN INVENTORY is an essential part of a successful business, for it indicates just what articles have been the most profitable, which have moved slowly and which have failed to bring the anticipated results.

If your garden is to be a successful one—one that will bring you the greatest amount of enjoyment—you must occasionally take an inventory and determine which plants have been successful and which have been failures.

DON'T WAIT until spring to take stock of your garden. There is too much to be done then that simply cannot be put off. The garden work will demand all your time and you will find little leisure for checking up and making new plans. Fall is the ideal time to do this because you can then review a delightful year of gardening in retrospect and see just what changes you would like to make.

Before planning new additions you will most likely find it necessary to make some changes. Perhaps the Gaillardias would blend in the border better than Coreopsis. It may be that the Golden Glows and Hollyhocks have been too top-heavy or bushy as a background and a vineclad fence would serve much better.

Some of the shrubs in the foundation planting may have grown out of bounds and some smaller types will have to be substituted. If certain plants are not doing well, it may be that they are in a location that is too damp, or too shady, or too crowded for their proper development. They should be moved and plants adapted to that particular location moved into their places.

AS YOU CHECK UP on last year's garden, notice whether or not there was something in bloom throughout the entire season. To know the greatest pleasure and beauty your garden can offer, you will want the gayety and cheer of flowers, not all at once early in the season, but week after week from the first snowdrop to the last staunch Chrysanthemum. Fall is the

best time to make changes that will give you all-season bloom.

Take stock of the shabby borders, not only from the standpoint of their flowers, but also with reference to their foliage. In the flowering shrubs there are varying shades of green, fading to yellow, brown and crimson; the broad-leaved evergreens range from the dark green of the Ligustrums to the red and bronze of the Nandinas. The conifers give pictures tinted with every possible shade of green.

TAKE NOTE of the ultimate size and height of shrubs. If a tall grower is planted where a dwarf would be more suitable, or a low-growing variety is lost behind larger shrubs, make note of these now so that the necessary change can be made at the proper time.

No matter what changes are necessary, now is the time to take stock.

HAVE YOU WONDERED how you could keep your lawn bright and green all winter long? It's really quite simple, if you follow these steps:

- (1) Early in fall, cut the grass on your permanent lawn closely and remove clippings.
- (2) Apply complete plant food at the rate of four pounds per 100 square feet of area.
- (3) Sow evenly with winter rye grass seed, rake it in lightly and soak your lawn thoroughly. Water daily until the seed germinates and keep seed and soil moist until growth is well started. Where soil is heavy and raking in seed not practical, or where daily watering is not convenient, cover seed with one-eighth inch of soil.

YOU'LL FIND that by following this program you'll have a winter lawn that is thick and lovely and yet shallow-rooted. You will be able to rake it up easily when the season for growth of your permanent lawn rolls around.

This method of making a winter lawn is based on the knowledge that winter lawn grasses will not forage deep or far if an ample supply of nutrients they need are within easy reach of their roots. By feeding complete plant food you do supply the necessary nutrients to promote a beautiful winter lawn but one that does not interfere in any way with your permanent lawn.

Diamond K
Sez...

THIS WEEK let's talk about lawn care. This is the time of the year that you must take special pains to insure your lawn for the future. During the current hot spell the home owner may have many problems due to "browning" in his lawn. There are three things to consider.

First off, is the lawn getting enough water? Lawns require a good soaking two or three times a week with intermittent sprinkling during these hot days.

Next consider fungus or "brown spot." This is easily identified by the tendency of the blades of the grass to wilt before drying up. Another way of identifying "brown spot" is that it will work in circular spot. The affected areas will be almost circular. This condition can be easily remedied by a treatment of Semesan or other copper based fungicides.

Next consider how long it has been since you fertilized. After all, a healthy lawn must have sufficient food. If you're having lawn problems, drop in and talk them over with Diamond K.

FOR SOMETHING to really arouse your curiosity, come in and see our stock of fired rock. This is ordinary lava rock in boulder form which is sawed into strips and baked in a kiln. The speed and degree of baking determines the color. Through the control of this process, this rock is now available in almost every color of the rainbow.

It is available in either flagstone, tile, or cut in "ashton" strips. It compares favorably in price with Arizona Flagstone and is the perfect answer to the fireplace builder who is looking for that something a little bit different, be it for the patio or living room.

BACK TO LAWNS for a moment. Diamond K has on hand, three "name" power mowers, two gasoline and one electric, which we are offering at a reduction of 10% on retail price. If you are looking for a real value, come in and see us about these mowers.

Columnist Hints Clampdowns Are More Than Rumor

Further commentary on law enforcement as practiced in Contra Costa County is that of R. Johnson in his column, "The Minute Man." In his column of August 18 in the Concord Transcript, Johnson gives as follows:

"GRIM FAIRY TALE: Some enterprising newspaperman is going to win fame, fortune, and favor with the county's common citizenry when he uncovers the full story behind the technique of law enforcement operations in Martinez. . . . Several years ago an item appeared in Herb Caen's column (then Chronicling San Francisco) raised a question on the alleged beating of a county prisoner . . . and first heard the now-famous 'no comment' response over the phone in answer to queries. . . . Today there are many rumors coming from the county seat about the mistreatment of suspects, denial of right to call an attorney by phone, lack of facilities for bail except with the one bail bond broker in the town, availability of only one lawyer for those suspects without their own attorney . . . and so on, ad nauseum.

"As Job cried: 'How long, O Lord, how long?'"

Nursery Handles County's and Its Own Exhibitions

The Orchard Nursery of Lafayette is exhibiting in the floricultural exhibition at the California State Fair in Sacramento, which opened yesterday and continues to September 10.

The nursery is handling the exhibit for Contra Costa, which is held in the Hall of Flowers. Besides this display, it has two exhibits in the Commercial Division. One is featuring a rose garden and the other a patio scene.

The floricultural exhibits at the fair are very beautiful. There are mammoth exhibits of tuberous begonias and orchids. This year, the Hall of Flowers is featuring a huge waterfall at one end of the building and several smaller pools and falls throughout.

Besides these displays, there is another section featuring gigantic arrangements of cut flowers, all of which are changed daily in order to keep them in the peak of condition.

Men's Club Plans 2 Garden Displays

Plans for entering two exhibits in the outdoor gardens at the coming Contra Costa Fair at Antioch were discussed at Tuesday night's meeting of the Mt. Diablo Men's Garden Club, in Martinez.

Speaker of the evening was Pat Antonelli of Capitola, well-known grower of giant tuberous begonias. Musical entertainment was provided by the Orinda Crossroads, popular "barbershop quartet" group.

Alcoholism Topic Of Dr. McKeever

Dr. L. G. McKeever, psychiatrist at Herrick Memorial Hospital, addressed the Contra Costa fellowship of Alcoholics Anonymous at Veteran's Memorial Building last week.

Dr. McKeever's talk dealt with alcoholism and how psychiatry and medicine in general view alcoholism and the benefits of the program carried on by Alcoholics Anonymous.

AIR CIRCULATION

To prevent drowsiness while driving, keep air circulating in the car, advises the California State Automobile Association. Air vents and front ventilator windows provide good air circulation and it can be increased by opening both rear windows slightly.

NEVER TOO LATE TO INSUL-ATE

WITH PALCO WOOL

It's 'I', Not 'They', Furst Tells Rotarians

"The most overworked word in the English language is 'they'."

Arguing that Americans, in order to progress in the modern world, must begin their improvement with themselves, Harold Furst, local resident and member of the Board of Directors of Lafayette Improvement Association, addressed Lafayette Rotary at Planters Dock yesterday.

Introduced by Neill Cornwall, Furst declared that the American citizen should cease ascribing his country's ills to a vaguely defined group of politicians and elected officials. "They" can no longer serve as a scapegoat," Furst said.

LIVING WITH SELF
"Instead we must all turn to ourselves and our relations with our neighbors if we are to improve our lot. Most important of all is the problem of living with oneself," he said. "We must all face the fact that 'I have to live with myself and so I want to be fit for myself to know'."

Furst, a member of the staff of the School of Business Administration at the University of California, outlined the problem's solution for his audience. Listing five points: (1) Be able to live peacefully with one's self; (2) work conscientiously at keeping one's morale high; (3) deliberately assume an optimistic attitude; (4) be for something—assume a positive point of view; (5) work steadily at one's task as a citizen.

In connection with his last point Furst warned his audience that men and women who have never seriously tackled a local community problem have little right to criticize those who make public decisions and carry on the work of government.

OTHER POINTS
Other points to be kept in mind, according to Furst, include a real effort to be honest with one's self—deliberate self-delusion is a most dangerous practice; constant alertness with a real effort to develop one's mind and mental capacity; constant striving to merit respect of one's fellow citizens; the setting of a moral standard from which one never deviates.

Furst concluded by suggesting that his audience practice mental alertness by trying to separate fact from point of view by comparing several newspapers—reading several accounts of the same happenings—and then deciding how much the prejudices of the reporter and policies of the newspaper might have entered into the news story.

PROGRAM ADMINISTRATOR
The speaker, in addition to his position with the University School of Business, is the administrator of the joint program for Continuing Education of the Bar set up by the State Bar of California and University of California Extension.

Don Blackwood, as chairman of next week's Rotary program, has arranged for Victor Lindblad, chief executive of the Boy Scout Council of Berkeley-Contra Costa Area, to speak at that time. Lindblad's topic will be "We Move Forward With Our Youth."

LOOK SHARP

Drive your own car to the best of your ability and keep a sharp lookout for drivers who don't, the California State Automobile Association recommends. Your safety in traffic depends on being careful and keeping alert.

REVIVE SUMMER SCORCHED LAWNS

Nature provides ideal weather in late summer and early fall to build beautiful lawns. It's a simple task at little cost—feed with **SCOTTS LAWN FOOD** and sow **SCOTTS SEED**.

Scotts LAWN SEED
Tops for fall planting, 99.91% weedfree, triple cleaned, 3,000,000 seeds per pound. 1 lb. - \$1.45; 5 lbs. - \$6.95.

SPECIAL PURPOSE BLEND
Seed for dense shade, poor dry soils. 1 lb. - \$1.15; 5 lbs. - \$5.45.

Scotts LAWN FOOD
Provides nourishment needed to restore lawn health, vigor and color. \$1.95 box feeds 2,500 sq. ft.; \$7.50 bag feeds 11,000 sq. ft.

WESTIVAL WAY September 30 in Lafayette will be partly the way of the authentic Hawaiian hula, as performed by the Kapolani Dancers, Hawaiian dance group of Walnut Creek. Shown here are some of the dancers—left to right, seated, Fran McPhee, Helen Duncan and Trot Clark; standing, Marjorie Bronson, Jayne McGeehon, Bee Young and Virginia Hatfield.

Hula Dance (the Real Thing!) Added to Westival-Kapolani Group Will Give It

An adult attraction par excellence has been signed for Lafayette P.T.A.'s second annual Westival on September 30. Under the chairmanship of Mrs. Stanley Bell, tickets will soon go on sale for one of the interesting performances of the Kapolani Dancers, portrayals of the ancient and modern versions of the hula.

According to Mrs. J. C. Bronson, director of the group, "Too few people have ever been acquainted with anything but the night club version of the hula, which isn't really authentic." She continued, "We are crusading for the original dance which employs the use of percussion instruments such as stones and bamboo sticks, feathered gourds, and chants supplied by the three men in the group. And to further the enjoyment and understanding of our audiences we use a narrator."

SQUARE DANCE

One of the high spots of the show is said to be the "Missionary Square Dance," which was introduced to the Islanders in the year 1800 by missionaries from Massachusetts. The interpretation of the square dance by the Hawaiians makes for a very unique style.

Active before and since the second World War, this group of eight dancers, three instrumentalists and leader comprises a non-professional troupe with professional talent. They have performed to packed houses in the Bay Area and beyond, and are especially popular at "husbands' nights" for women's clubs and at garden clubs, White Shrines and P.T.A.'s.

IT'S A HOBBY

Dancing is the hobby of the Bronson dancers, and the nine women members list their occupations as "home-maker."

Mrs. Bronson reports a great public interest in Hawaiian dancing, and devotes two days a week to giving professional instructions. She regrets she can't spare more time, but duty calls her to her No. 1 profession—caring for her five children.

AUCTION SALE

A big thing is going to be made of the auction sale at the Westival. Plans are under way to set up benches at 7 p.m. immediately following the dinner hour, so the customers can enjoy a little relaxation.

Jack Schneider will again take over his favorite role of auctioneer and will have some very nice merchandise to work on. Merchants

Cliff Tresidder Enlists in U. S. Army Air Corps

Twenty-one-year-old Clifford Tresidder, son of Mr. and Mrs. W. B. Sweeney of 919 Moraga Road, has enlisted in the U. S. Army Air Corps and is at Langland Field, San Antonio, Texas, for basic training. He enlisted recently and left August 18 for the field.

The night before he left, his parents held "open house" at their home. Attending the gathering were a number of young friends of Clifford—Bill Brannan, Roger Duncan, Roger Beede, Bill Hawes, Don Sloane and Ted Hall. Also present were Messrs. and Mesdames C. R. Turner, Walter MacCausland, T. Hall, R. T. Duncan, R. H. Brannan and H. C. Hopp; Mr. and Mrs. P. A. Jensen and family, and Marcel Lescure. The guests were entertained on the patio.

Clifford graduated in 1947 from Acalanes High School, where he was student body president. He was a graduate of Lafayette Grammar School. After graduating from Acalanes, he attended the University of California for a year and a half, studying engineering. He was employed at the Lescure Company.

Patronize Hometown Merchants.

Job Christianity Theme of Sermon

This Labor Day Sunday at the Community Methodist Church the sermon will take up the general problem of being a Christian today in one's job. Questions that will serve as basis for the sermon include:

How much love should I have for my competitor? Is there a limit to the amount of profit to which I am entitled? How much work makes a full day's work? How can God be present in my work? What has Jesus to say about work and the workingman?

George A. Miller and Harry E. Shaner are the pastors. Church school is at 9:45; morning worship at 11.

The M. Y. F. is on a planning conference in the Santa Cruz mountains.

TIRE PRESSURE

Under-inflation of tires wastes rubber and gasoline, warns the California State Automobile Association. Always keep tire-pressure at the level recommended by the manufacturer.

Water Consumption At All-Time High

Water is the most popular beverage of East Bay residents, according to figures recently released by the East Bay Municipal Utility District.

Consumption of water in the district reached an all-time high of 163,000,000 gallons on August 15, according to John W. McFarland, district general manager. The average daily consumption of water in the district during the current month will exceed 139,000,000 gallons, whereas the annual average consumption for the district is 110,000,000 gallons per day.

PATROLMEN WANTED

Ever had a secret desire to be a California Highway Patrolman? Now's your chance if you can meet the following requirements: You must be a male between 21 and 35 years old, have a high school education or equivalent, enjoy good health and be a U. S. citizen and a resident of California for at least one year prior to an examination to be held October 7. Applications will be accepted until September 28.

Canyon Callings . . .

OVERNIGHT CAMPING was enjoyed weekend before last by Tim Blaskovich, Jimmy Lolley, Gordie Foster and Buddy Seeds. The boys met in the "Grove" and cooked their dinner over a campfire. With full packs they then climbed a mountain, on which they spent the night.

Next morning they returned to the "Grove" where they cooked breakfast. Accompanying them on this camping trip was Claude Seeds, Sr.

Knipe and Faye Cooper recently went to Clear Lake, where they camped out for the weekend.

JOHNNY SHALLY has been visiting his family, who are spending their vacation in Murphys.

CANYON TEENAGERS have been helping harvest the pear crop in Moraga.

BOB FOSKETT has been in Franklin Hospital, San Francisco, where he has undergone plastic surgery.

T Formation Vital on College and H.S. Levels—Alhambra Prospects Look Good

By COACH ERWIN MATTSON

Last week I had the opportunity of hearing Coach Lynn Waldorf and his co-workers extol the features of what is now known as the CAL system of football play.

Cal, as everyone knows, uses one of many versions of the T formation.

Waldorf's version is considerably different from the Stanford style of play and incorporates more of the features of the good old single wing with two on one blocking at the point of attack.

THE THING that impresses one is the versatility and balance of the staff.

In many respects they are the most informed group that was ever assembled. They differ in their ideas and give free reign to their expression of differences. After hours of threshing out the pros and cons they come to an agreement, and that's it.

The system of play is basically sound and stresses the execution of sound fundamentals.

The big thing they have achieved is the confidence of players and public in their ideas.

THE BLUE AND GOLD was hit a heavy blow, but don't count them out of the running. Barring injuries and the draft they could have a top-flight eleven.

I can safely pull a Drew Pearson and predict that they will put on a better show than have the celebrated 49ers to date.

I HAVEN'T HAD a chance to see my good friend Jack Hageman since the 49ers have taken to the field. He and Harry Appleton have always contended that collegiate ball doesn't compare with the play-for-pay boys.

If a high school team missed blocks and tackles, to say nothing of doing weird passing, such as the 49ers exhibited last Sunday the cry would be for the coach to "teach the kids fundamentals." The 49ers had about as much drive as a 1914 Ford—such ragged play at Cal would relegate them to the Ramblers for further seasoning.

Acalanes High School practice gets under way today. The major problem to date has been the issuance of equipment, and that has been a job. Each player gets a helmet, shoulder pads, jersey, pants, thigh guards, rib guards and hip pads. In addition, game suits have to be made ready.

That's a matter of the past now, however, and from here on in it's the teaching of fundamentals, along with the tough job of making eleven work as one!

ALHAMBRA HIGH'S contingent enters the season under new coaches in the persons of Jacob Ferguson, Cal Reimke and Pat Dougan.

Ferguson, better known as Jake, is the head man and comes from Rio Vista High, where he has been the past three seasons. Our informant tells us that Jake uses the T and is one of great vigor and vitality and enters into the job of building the Bulldog eleven into a grid power with a great deal of zest and enthusiasm.

On the basis of returning lettermen, his outlook is a most pleasant one.

Cal Reimke is best remembered as one of Nibs Price's basketball players and a former all-around athlete at Alhambra during the war years.

Pat Dougan hails from Port Chicago and is a graduate of nearby Diablo, which should add to the already high rivalry between the two.

ALHAMBRA STARTS play on September 16 with Napa under the Martinez lights. The other two practice games find them coming to grips with El Cerrito at the San Pablo stadium on September 22 and ending the practice season against Tracy at Martinez the night of September 29.

The roster shows eight of last year's starters returning to the fold. It would have been nine but Emmet Tourville took the marriage vow.

DAVE McDONALD (170) returns to an end spot and is rated a top receiver.

Bud Dodge, at 195, appears to be set at his old tackle spot. Don Jordan (175) and Don Sargent (175) appear to be a formidable pair in the guard slots.

Bill Kitchens (180) hits well over six feet and appears to be the other end choice.

IN THE BACKFIELD Jack Busch (190) is booked as fullback and line backer, while Sal Costanga (175) and Ron Borgeson (165) are in the speed-burner class at the half-back spots.

On paper it looks as if Alhambra is in for one of their better seasons and should provide some mighty stiff opposition. The big question mark is reserve strength and how the players will adapt themselves to the T.

OUR GUESS is that they will do O.K. as the T in my book is still the most versatile of offenses and one of the easiest to install—single wing advocates to the contrary.

NEXT WEEK I will give a brief review of Antioch High and their new grid mentor, an old buddy of mine from Navy days.

High School Bids To Follow State Approval of Plans

Final state approval and return of plans for the Walnut Creek plant to be built by Acalanes Union High School District to the district trustees, which will follow the expected OK by the State Division of Architecture, will set in motion an immediate call for bids in an attempt to get grading and preliminary groundwork at the new Walnut Creek site completed before rainy weather.

The proposed new plant will be somewhat similar in design to Acalanes High School, with redwood siding and stucco walls which will feature especially large window spaces.

Planned for initial construction, contingent upon bid prices which will be called with provision for alternate proposals, are the following: 14 classrooms, administration offices, library, gymnasium, locker room and a multi-purpose building to include a cafeteria.

Williams' Play Closes Saturday

Tennessee Williams' "Summer and Smoke," starring Dorothy McGuire and John Ireland with Una Merkel, all in person, is now in the last days of its engagement at the Geary Theatre, San Francisco, where the final matinee and evening performances will be given Saturday.

The Actors' Company, composed of nine stars, is presenting this emotional play which has created great controversy regarding development of character and personality as brought about by different environments.

The impressionistic construction sets by Robert Tyler Lee and the direction of James Neilson make this initial production by The Actors' Company a fine augury for future productions.

WALNUT CREEK BEAUTIES in the contest for "Queen of the Walnut Festival," September 22-24, are, left to right: Joan Green, "Miss 20-30"; Nancie Johnson, "Miss Folk Dancer"; Betty Stratton, "Miss Bachelor's Choice"; Janice Comstock, "Miss Lions"; and Judy Lee, "Miss Kiwanis." —Thain Photo.

'T-Bone's' Opens On the Boulevard

Newest restaurant on Mt. Diablo Boulevard is "T-Bone's," a half-mile east of Lafayette. Specializing in "hickory" barbecued spareribs, the new restaurant is owned and managed by U. J. "T-Bone" Janda. "T-Bone" has had 40 years of restaurant experience. He was formerly associated with New Luckies and T-Bone's in Oakland and the Coconut Grove in Minneapolis.

TRY OTHER FILAMENT

Odds are that both filaments of a headlight bulb have not burned out at the same time, reports the National Automobile Club. Rather than drive with only one light, switch to the beam which provides that both lamps will operate.

Rebekah Whist Party To Be Held Sept. 16

Danville Rebekah Lodge 123 will hold a whist party September 16, 8:30 p.m., at the lodge rooms in Danville. Prizes and refreshments are on the program.

WEEKLY CHECK-UP

Automobile tires should be filled to correct air pressure once a week, according to the California State Automobile Association, which also recommends an occasional inspection of the tires for breaks, cuts and wear.

Swim Pool Theft Charges Dropped

Because of lack of sufficient evidence of criminal intent, a grand theft charge against Fred H. Seefloth, erstwhile swimming pool contractor whose dealings included clients in this area, was dismissed last Friday by Judge Clifford Thomson in Walnut Creek.

The complaint had been signed by Mrs. Ruth Davidson of Walnut Creek, who charged she had paid \$1700 for construction of a private swimming pool which never got beyond the hole-in-the-ground stage.

Inspector Norman Wilson had reported that among others in the same sort of predicament were L. G. Hooper, 15 El Sereno, Orinda; J. A. Siebert, Los Arabis Drive, Lafayette, and R. G. Danska, 12 Arbor Road, Hidden Valley, Lafayette.

Seefloth was arrested in Sacramento. His business partner, Charles Ames of Berkeley, was not arrested, according to Wilson, because the money involved in the transaction had apparently been handled by Seefloth. The Seefloth-Ames firm, which has its headquarters in Berkeley, "folded up" after having collected thousands of dollars from Contra Costa residents for unrealized swimming pool construction, according to the sheriff's office.

Year's Program Gets Under Way By Mothers Club

Announcement has been made of the appointment of committee heads for Orinda Mothers Club activities for the coming school year. They are:

Welfare, Mrs. Russell Gilwee; bridge, Mrs. Joseph B. Downs; Teatro Para Ninos, Mrs. Norman Coates; health, Mrs. William Brailsford; library, Mrs. Robert Harrison; publicity, Mrs. J. S. Pedder; book sale, Mrs. R. C. Anthonisen; membership—Orinda School, Mrs. Jack Moyland; membership—Glorietta School, Mrs. Frank Sellers; hospitality—Orinda School, Mrs. Charles Coburn; hospitality—Glorietta School, Mrs. Clinton Hallstead; civic affairs representative, Mrs. Seaver Ballard.

Orinda Mothers Club Board of Directors, which includes the above-named chairmen, the elected officers and School District Superintendent Joseph L. Sheaff, will hold its first meeting of the school year next Tuesday, 1:30 p.m., at the home of the president, Mrs. J. H. Schwarck, 35 Via Hermosa.

The budget committee of the Mothers Club will hold its first meeting of the school year today at Mrs. Schwarck's home, at 2 p.m. Mrs. Roger Stark, treasurer, will be chairman.

Others attending this meeting will include Mrs. Robert Bigler, vice president; Mrs. Donald Krotz, board advisor, and Mrs. Stanley Allen, last year's treasurer.

HIGHWAY PATROL JOBS

Ranks of the California Highway Patrol are to be increased as a result of legislative action authorizing the employment of additional state traffic officers. Commissioner Clifford E. Peterson of the patrol advises that new officers will be appointed from employment lists established by competitive civil service examinations to be held throughout California October 7. Applications must be filed with State Personnel Board offices on or before September 8.

Landscape Note: No Trash 'Beds'

Alas for the frustrated landscape-plans of illegal garbage and refuse dumpers! Any persons caught dumping rubbish or garbage along county and state roads will henceforth have to "tell it to the judge."

That was the warning this week by Inspector Norman Wilson of the sheriff's office. The warning followed clearing of the unsightly refuse dump which had marred the corner of Mt. Diablo Boulevard and Pleasant Hill Road for several weeks.

That illegal dump has been cleared, fenced and posted through cooperation of the county, state highway officials and the Lafayette and Pleasant Hill fire departments.

Hunns and Son Visited M. L. Lees in Spokane

Mr. and Mrs. Stanley Hunn and son, Larry, returned last weekend from a vacation jaunt to Spokane, Washington, traveling home by way of the Redwood Highway. They visited with former Orindans, the M. L. Lee family, in the northern city and highlighted their ride home through the redwoods by inspecting a lumber mill en route.

Nancy Garoutte Going to London On a Scholarship

Nancy Garoutte, daughter of Mr. and Mrs. Giles James Garoutte, will be in London soon, where she will study for a year at the University of London's Institute of Education on a Fulbright Scholarship granted by the United States.

A graduate of Acalanes High School and Sarah Lawrence College, Nancy, who has literary ambitions, was associated with a national travel magazine and was college editor for a women's magazine, for which she went abroad last year.

She will sail September 9 on the S.S. America with other Fulbright Scholarship winners, after an orientation course in New York.

Orindans Relax at Eagle Creek

Nine Orindans spent their vacations at the Eagle Creek Ranch, Trinity Center.

They are Dr. and Mrs. Cutting, Dr. and Mrs. Neighbor, Mr. and Mrs. Clyde Bumgarner and their daughter, Diana, and Mr. and Mrs. Don Bradley.

Hunting and fishing were the principal activities. The resort is owned by former Orindans Bill Bradley and Emil Nelson.

At 'South Pacific'

Seen at the "South Pacific" performance Saturday evening were the King Wilkins, Bob Lyman, Clinton De Witt, Willard Millars and Bill Brooks, all from Orinda.

Country Club Realty

Walt Friberg's new office in Orinda Village is known as Country Club Realty—not Contra Costa Realty, as erroneously reported in a news article in last week's Orinda SUN.

Got Rocks Gets One More Chance On Mill Request

William N. (Got Rocks) Gordon will have one more chance—next Tuesday evening—for Planning Commission consideration of his request for a permit to build a lumber processing and small planing mill along Mt. Diablo Boulevard in Lafayette.

This was decided by the Planning Commission last Tuesday afternoon, when Gordon, according to Tom Heaton, planning commission technician, did not appear for the commission's scheduled consideration of his application.

Gordon has asked for permission to build a mill on the north side of Mt. Diablo Boulevard, 200 feet west of Lafayette Boulevard. Two weeks ago the matter was continued to last Tuesday, when the commission rescheduled it to next Tuesday night's agenda and decided to notify Gordon of the move, giving him a final opportunity to appear in behalf of his request.

Next Tuesday night's session, in Room 210 of the Hall of Records, Martinez, will start at 7:30.

DELAY OR DISASTER

Resist that impulse to speed up when you think a traffic light is about to change against you. A short delay at the intersection is far preferable to the long delay that may result from an accident.

Dotens Building Summer Cottage

The Harry T. Dotens have enjoyed many weekend trips through the summer to Lake Buckingham Park on Upper Clear Lake, where they are building a six-room summer cottage which will be ready for occupancy by the Labor Day holiday.

They have enjoyed the swimming, boating and fishing of the lakes for some years, and especially in recent years when the gnat pest has been eradicated.

Kahl Kids Set Pace for Hiking

Yosemite Valley was the vacation spot earlier this summer for the Ernest Kahls of Orinda. Accompanying them were their two children, Bunkey, who is four, and Karen, who is three.

After hiking all over the mountains with the children and trying to keep up with their strenuous activities, mama and papa Kahl were quite ready to retire each night with the children.

Mrs. Goerl, Son Due Home from Europe Trip

Mrs. George Goerl, Sr., and her son, Conrad, are expected back from a three months' stay in Europe the end of this week. Their new home (which they built) is ready and awaiting them on El Patio. Mrs. Goerl and her son are former residents of Alameda.

Neil Porters in New Orinda Home

Recent newcomers to Orinda are Mr. and Mrs. Neil Porter and their 16-month son, Neil, Jr. The Porters know how to keep high building costs in check, for they built their ranch-style house largely themselves. Mr. Porter constructed the whole garage, did all the plumbing and put up the redwood siding and installed a radiant heating system. After reading many pamphlets and refreshing himself on college physics, Mrs. Porter did all the electric wiring.

Mrs. Lamb, Children Return from South

Mrs. Woodburn Lamb has recently returned from a trip South where she visited her family. Accompanying her were her daughter, Fredericka, and her son, Peter.

New Swimming Pool of Wm. Fleagers Finished

The William Fleagers' swimming pool is finally finished, and friends and family are enjoying it to its utmost.

Good Samaritan Theme of Sermon

The parable of the Good Samaritan, in which Jesus answers the question, "Who is My Neighbor?", as written in St. Luke 10:22-37, will be the text for Pastor Luther Berven's sermon at Our Savior's Lutheran Church Sunday morning. Holy Communion will also be celebrated at this morning service, which begins at 10:45 a. m. Sunday school and adult Bible class meet at 9:30 a. m.

The annual Sunday School Rally Day will be Sunday, September 10; at this time classes will be promoted and reorganized for the coming year. The Church Council will meet at the parsonage next Tuesday evening.

GASOLINE WASTED

Driving at high engine speed in low or intermediate gear can easily double the amount of gasoline used, according to the California State Automobile Association.

College, Work, Army on Agenda Of Younger Men

What some of the young men of Orinda are doing:

Bill Patterson, son of the W. A. Pattersons of 174 Canon Drive, is heading back to college in Washington next week.

Pete Wilkins, son of the King Wilkins of El Patio, has a full-time job in Oakland.

Dick Symes, son of the H. B. Symes of La Cuesta Road, and Dick Chapman, son of the Dwight Chapmans of Camino Sobrante, are two of the boys from Contra Costa County who have received notice from Uncle Sam to report for their physicals for possible induction into the U. S. Army. Dick Chapman, who is 22, spent several months in the Navy during World War II. He is a graduate of Stanford University and is presently enrolled in the graduate school down on the "Farm." His younger brother, Phil, is also studying at Stanford.

Stahles Enjoy Alumni Camp

The John H. Stahles of Las Vegas returned recently from a week of the family-style vacation at the University of California's alumni camp, the "Lair of the Golden Bear" at Pinecrest.

Besides the usual resort activities of swimming, boating, fishing and hiking, they enjoyed evening campfire discussions by favorite Cal professors that form a unique part of the program.

After leaving the Pinecrest camp, the Stahls drove to Ebbets Pass and to Carson Pass, spending a week in that area.

Cullens Combine Business, Fun

Mr. and Mrs. Thomas G. Cullen of Las Vegas returned last week from an extended combined vacation and business trip, which took them to the Pacific Northwest and then on through Glacier National Park, Yellowstone and Grand Teton before starting home to Orinda by way of Lake Tahoe.

Business affairs took Mr. Cullen to the Hanford Atomic Project at Richmond, Washington, where they stayed before continuing their journey.

Denise and Carolyn Cullen accompanied their parents on the tour.

Mrs. Reha Improves

The family and friends of Mrs. S. Reha of 173 Orinda Highway are happy she is back from a six weeks' stay at St. Helena Sanatorium, with health very much improved.

Dramateurs Plan Season's Program

The new Board of Directors and the play-reading committee of the Orinda Dramateurs met at the A. D. Blalock residence Monday to plan the coming season's program.

Under consideration for the first production of the year are "Post Road," by Wilbur Daniel Steele and Norma Mitchell; "Time for Elizabeth," by Norman Krasna and Groucho Marx, and "Guest in the House," by Hagan Wilde and Dale Eunson.

IN NOVEMBER

One of these plays will be given sometime in November. The production will be under direction of Edward O'Brien, popular young director under whom the group produced three hits last season.

Warren Orders Disaster Plans

Governor Warren Tuesday ordered his cabinet members to gear their state departments "for a war situation."

There is nothing so important, he said, as getting ready for any emergency with which the state may be faced.

"We must all be war planning minded . . . All the problems we had in World War II are coming back on us," he declared.

Warren told the department heads that he wants the members of their staffs now attached to the state's civilian defense planning board to work at that job full-time.

Planners Say No To Lagiss—But Give Him Hope

Application of Anthony Lagiss for permission to build a professional building and real estate office across from Acalanes High School resulted in recommendation for denial by the Planning Commission Tuesday afternoon.

However, during the Tuesday evening session Arthur Young of the commission suggested that a study be made of the property south of the Lindsey property, with the view that an area south of a projection of that line might be zoned for business purposes.

The Lindsey property, on the east side of Pleasant Hill Road, is across from some of Lagiss' property on the west side.

Planning Technician Tom Heaton later stated that the commission feels such a study should be made, and that Lagiss, a number of whose applications have been denied, is entitled to such consideration.

A number of persons were present Tuesday afternoon to protest Lagiss' latest application. At one time Lagiss sought to have the area rezoned for business, but later he made his request for a permit to build a professional building and real estate office.

Patronize Hometown Merchants.

First Fall membership meeting of the Dramateurs will be held next Tuesday, 8 p.m., at Orinda Community Church.

TRYOUTS SEPT. 11

Tryouts for the play will be held at Orinda Community Church, September 11 at 7:30 p.m. Anyone interested is urged to attend and, if possible, to notify Mrs. Jack Cooper, membership chairman.

Directors for this season are Fred Udall, president; Wirtabel Harris, vice president; Mary Nelson, secretary; Laura Cooper, membership; Frank Wright, treasurer; Jeanette Wright, producer; Nancy Hanley, assistant producer; Jeanette Blalock, stage manager; Lee Center, Dale Bowers, Keene Pettingill and John Boyen, assistant stage managers; Bob Anthonisen, representative-at-large; Lucille Anthonisen, publicity, and LeRoy Atkinson, electrician.

W. C. Lions to Stage Program For Orinda Club

Walnut Creek Lions Club will take over the program at the September 13 dinner session of the Orinda Lions Club, according to Bill Worden, publicity chairman.

Jack Hageman of Lafayette, president of the Walnut Creek service club, will present Miss Janice Comstock, his group's entry for queen of the Walnut Festival. An accomplished vocalist, Miss Comstock, who is studying voice at College of the Pacific, will sing as a part of the special musical program arranged. Tom Hageman, son of the visiting Walnut Creek Lions official, will play flute selections.

Also highlighting the entertainment will be the Walnut Creek Lions Club quartet. Winners at the Lions Clubs spring convocation at Hoberg's this year, the group came close to nosing out the Reno Lions Club quartet in later competition. The latter group went on to win the national contest.

Quartet members are Lyman Stoddard, Warren Swing, Don Judd and Lee Russell. Mrs. Janet Coop of Walnut Creek will be accompanist for the evening.

Queen-elect Janice is heading the race which is a highlight of annual Walnut Festival plans. Final selection for queen will be made September 22, according to Hageman.

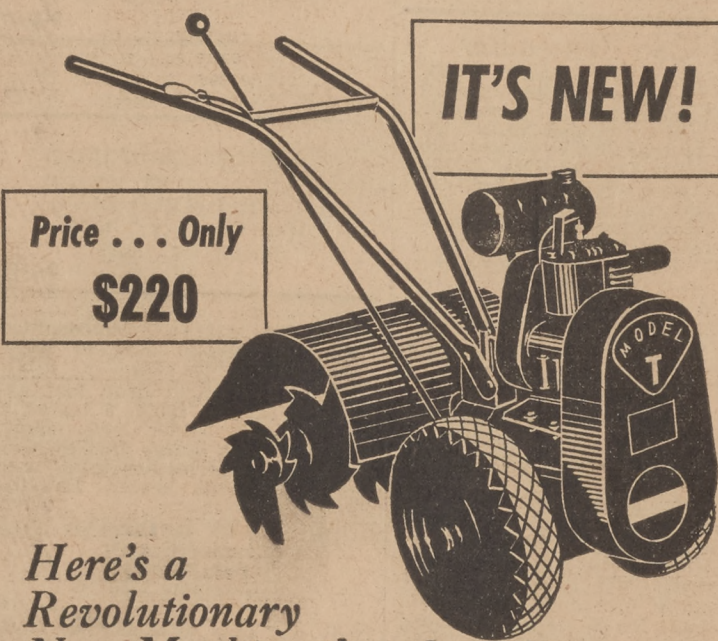

Garden Club Will Meet on Thursday

First fall meeting of the Orinda Garden Club will be held next Thursday, 10:30 a.m., at the home of Mrs. D. M. Sheldon, 42 Los Altos Road.

Speaker will be Arthur M. Goff, Contra Costa County farm advisor, who will talk on "Soil and Its Treatment."

Luncheon will be served at 12:30 p.m.
